

## FORGED CHECK PRESENTED BY A VERY SMOOTH CHAP

Both the Signature and the Indorsement Were  
Soon Discovered to Be  
Bogus.

## THE GAME OF A GENTEEL-LOOKING STRANGER

A bold attempt was made yesterday afternoon at about 12:30 o'clock by an unknown man to pass a forged check on the First National bank. The plan of the shrewd individual was frustrated by Cashier Thomas H. Fisher. Discovering that he was to be foiled the man made a hasty exit from the bank, and there is positively no clue that will lead to his identity.

Genteel in appearance the man, who was about 33 years of age, would have made a good impression on the cashier but for his nervousness. The moment he stepped up to the window and handed the check to Mr. Fisher, the latter was struck with a feeling of suspicion. The man was trembling somewhat and could not look the cashier straight in the eyes.

The check was written for \$48 and signed by L. D. Thompson. This is the name of the wife of E. W. Thompson. She has money on deposit at the bank. The check was made payable to T. Lewis and was dated April 16. It had been endorsed by Lewis and also by H. E. Moon & Co. Upon entering the bank the man immediately signed the name of Geo. Yost to the paper. Ordinarily the scheme would

have worked to perfection, everything outside of the nervous twitching of the man being regular.

Cashier Fisher asked the man if the check had been endorsed by H. E. Moon & Co., and he replied in the affirmative. "Just wait a moment, please," said the cashier, as he reached for the telephone, "and I will call up Mr. Moon." The man said: "Oh, there is no need for that trouble. Mr. Moon lives only a short distance away. I will go and bring him here to identify me."

The man then left the bank and has not been seen since.

The forgery was almost perfect. By comparing the false signature with that of Mrs. Thompson only an experienced eye could detect the fraud and even an expert might fall. It was the same in the case of H. E. Moon's signature.

The cashier thought that may be the check was good and knew that it was customary for a man to get the signature of a business man when he knew he would not be recognized.

The man wore a moustache, was small in stature and wore a slouch hat.

## SALOON MAN SUED FOR \$3,000 DAMAGES

WOMAN ALLEGED LIQUOR WAS  
SOLD CONTRARY TO LAW.

Notified Not to Sell to Her Husband,  
But Proprietor Disregarded  
the Order.

Lisbon, April 19.—(Special.)—The Salineville damage case of Mary Hanley vs. Thomas and Mary Whalen came up for trial by the jury in court today. Mrs. Hanley asks \$3,000 damages for the alleged sale of liquor to her husband, David Hanley by the defendants, who keep a saloon in Salineville in a building of which Mrs. Whalen is the owner.

The plaintiff says she notified the defendants verbally on September 9, 1901, not to sell to her husband and on the following day served a written notice to that effect. It is alleged, however, that the proprietors of the saloon continued to sell to Hanley until he was unable to work and became a charge to his family and the plaintiff thinks she has been damaged in the sum named. She alleges that her husband, when sober, was an industrious coal miner earning about \$2 a day.

Judge J. G. Moore, of Lisbon, and S. T. McCormick, of Salineville, are the plaintiff's attorneys, and Judge P. M. Smith, of Wellsville, represents the defendants.

## JAPANESE TROOPS IN COMPLETE CONTROL

The Enemies of Russia Said to Have  
Things All Their Own Way  
in Korea.

Shanghai, April 19.—(Special.)—Advices from Seoul state that the Japanese are in complete control of Korea. It is believed that 40 transports have landed Japanese troops at Takinshan.

Liao-Yang, April 19.—(Special.)—A number of unimportant skirmishes are reported to have occurred along the Yalu river, Russian scouts killing six Japanese soldiers. Firing was heard Monday, but the results are not known.

## RAILROAD COMPANY ACCEPTS ORDINANCE

City Solicitor Notified That the C. &  
P. Officials Will Agree to  
Its Terms.

City Solicitor George E. Davidson received a telegram this morning from an official of the Cleveland & Pittsburgh Railroad company, stating that the ordinance granting the company the right to lay an additional track through the city would be accepted

## DETAINED AT QUARANTINE ON ACCOUNT OF PLAGUE

American Tourists Make the Best of  
an Unpleasant Situation  
at Suez.

William Lewis, the father of the Lewis brothers, has received from Alexandria, Egypt, a copy of the Egyptian Gazette, an English newspaper published there, which contains an account of the recent experiences of a party of 21 American tourists who were quarantined at Suez for six days. Bubonic plague and smallpox broke out on the steamer Persia, on which they had traveled from Bombay. One man died of the plague.

The party made the best of their isolation and seem to have had a merry time. They had a dinner party at which original poems were recited and toasts given. Included in the party is Thomas E. Lewis, of Wheeling, brother of William Lewis, of this city.

## NOT AN OBJECT FOR CHARITABLE

Cyrus Bailey Indignant That He  
Was Reported to Be  
In Want.

## HE IS LIVING IN COMFORT

The venerable Cyrus Bailey, one of the best known Englishmen in this community and a prominent lodge man, is indignant over an article which appeared in a local paper recently, regarding a visit paid to him and Mrs. Bailey by Mrs. Pickering, of Pittsburg.

The item, which contained a glaring headline, declared that Mr. Bailey was in want and that the Pittsburg lady had come here for the purpose of giving alms to the gentleman, who was in destitute circumstances. It was a very tearful tale, according to the ambitious scribe, and if the story was to be believed the aged couple were in absolute want.

As a matter of fact, Mr. Bailey and his highly respected wife are in comfortable circumstances. Mr. Bailey conducts a confectionary on West Market street, has a good patronage, and has surrounded himself with all the comforts enjoyed by a man of moderate means. He was ill for many weeks not long ago, and the sickness incapacitated him for work at his usual vocation as a potter, but it by no means reduced him to the extremity described by the contemporary mentioned.

Upon being able to get around once more, Mr. Bailey at once took up a calling which was less arduous and would bring him in enough to live upon. Actuated by the impulse of thrift so common among his countrymen, the aged potter opened his store and has prospered even better and easier than when he plied his trade in the pottery. He was a man of considerable means previous to his illness, and he has lost nothing by the change.

Mrs. Pickering was an old time acquaintance of the Baileys. She is a prominent worker in the ladies' auxiliary to the Sons of St. George, through which order the attachment between the two families began, and it was the fraternal feeling thus started that caused her to come to this city on the occasion mentioned. Mrs. Pickering is benevolently inclined, but left no contribution with her old friends in this city.

Cyrus Bailey has been identified with the progress of the city perhaps as prominently as any other English born resident of East Liverpool. His connection with the Order of Sons of St. George, and the work performed by him as a member of that fraternity has endeared him to its scores of members. If he was in want the Sons of St. George would have been the first to know of it, and relief would have been prompt and substantial. Mr. Bailey feels hurt over the mention a few days ago; the resentment is natural and is shared by Mrs. Pickering herself.

## Wellsville Case Appealed.

Lisbon, April 19.—(Special.)—The case of Vernon T. Calloway vs. Samuel E. Haight has been appealed from the court of Justice W. F. Haney, in Wellsville. The plaintiff sued for an account of \$61.60, alleged to be due for labor, including an account for \$9 purchased from Lee Simpson. On March 30 judgment in the sum of \$59 was rendered in the justice's court for the plaintiff.

## WINE ROOMS ARE MADE UNLAWFUL

Wellsville Council Passes a Bill  
That Is Expected to  
Hold Good.

## PREPARED BY SOLICITOR

Makes It Unlawful For Any Person to  
Keep a Wine Room and Provides  
Penalties of From \$25 to \$200 for  
Violation.

A wine room ordinance that is expected to hold water was passed under suspension of the rules at a meeting of the Wellsville council last evening. This ordinance was prepared by Solicitor Boyd, and all the objectionable features that were embodied in the last wine room ordinance passed were eliminated.

The ordinance follows:

"It shall be unlawful for any person or persons who keep or aid or assist in keeping a place where intoxicating liquors are sold, furnished or given away as a beverage, to have, allow or permit, or maintain a wine room in connection therewith, such wine room being a place or room adjoining a place where intoxicating liquors are sold and where persons of opposite sex are permitted to assemble together for the purpose of being served with intoxicating liquors.

"Any person or persons violating any of the provisions of this ordinance shall, on conviction thereof, for the first offense be fined not less than \$25 nor more than \$100 and the cost of prosecution, and for any subsequent offense shall be fined not less than \$50 nor more than \$200 and the cost of prosecution."

## CAMPAIGN AGAINST SUNDAY BASEBALL

Cleveland Sunday School Union Is  
Resolved That the Practice  
Must Cease.

Cleveland, April 19.—(Special.)—The Cleveland Sunday Union has inaugurated an active campaign against Sunday baseball.

The union, through its secretary, Rev. Dr. Alexander Jackson, formally notified Sheriff Barry yesterday that it would expect him to enforce the law against Sunday baseball. Dr. Jackson wrote to the sheriff as follows:

"The officers of the law can act on the advice given as well as can the club. I, therefore, as a citizen and a taxpayer, call upon you as sheriff and head of the police forces of the county Cuyahoga, whether within or without the city limits, to see that this flagrant violation of the law is prevented. The law-abiding citizens look to you promptly to put an end to this shilly-shallying with the law."

## TWO STILL LINGER IN THE CITY JAIL

Tim Strain And John Arb Are Living  
on a Bread And Water Diet.

There were no arrests made by the police last night and consequently the city harbors only Tim Strain and John Arb. These men will be kept at the jail on a diet of bread and water for a week or so, and it is probable that they will each get a sentence to the county jail.

Arb is a healthy, robust man, but too lazy for work and has made himself quite obnoxious of late by holding people up for a dime and other small change. Such characters are hard to deal with, it being time thrown away to pass sentence on them, and the mayor is undecided as to what should be done with them.

## BEFORE GRAND JURY

Mayor Weaver Goes to Lisbon to Testify  
in Several Cases of  
Interest.

Mayor Weaver left this morning for Lisbon to appear before the grand jury in several cases. He was accompanied by the little McDole girl, who is to testify against her mother for living unlawfully with a shantyboatman. Mrs. McDole and the man were bound over to court several weeks ago by Mayor Weaver.

Grand Jury Nearly Through.  
Lisbon, April 19.—(Special.)—Unless additional business develops, the grand jury will probably complete its work in time to make a report tomorrow evening.

## STATE SANITARIUM FOR CONSUMPTIVES

Sentiment in Favor of Senator Heinlein's Bill—Salem as a Site.

Columbus, April 19.—(Special.)—Senator Heinlein's bill to establish a sanitarium for cure and treatment of tuberculosis is expected to pass the house this week. Sentiment is for it and should it fail to be made a law it will probably be for the reason that on account of the congested condition of the calendar it could not be reached before the day of final adjournment, which is next Monday.

Mr. Hill's suggestion that the institution be located in Columbiana county and Salem or vicinity would make an admirable place for it has met with approval in that county. The Salem board of health in a letter to Mr. Hill commends him for his interest in the matter.

## BOUND TO EXTEND THE CITY LIMITS

Councilman Cannon Will Push His  
Project of Enlarging  
the City.

## REASONS ARE STRONG ONES

Councilman Cannon, father of the move to have the city limits extended, is determined more than ever that his efforts shall be successful. At the special meeting of council this evening he will be prepared to strongly advocate immediate action and will endeavor to impress his brethren of the propriety and fairness of such action.

At least one councilman will object to incorporating any more territory. It is not unnatural, though. He lives in a community where a large number of people will be affected by the extension in dollars and cents and as he looks to them for support from a political standpoint he has a pretty good excuse.

The incorporation of the outlying districts will increase the rate of taxation on all of the property of course, but Mr. Cannon argues that it should be increased. He says that it is not fair for the people living on the adjacent lands to receive the benefits derived by those in the corporation and yet be exempt from the same taxes. The property if taken in will increase in value and the incorporating will be only an act of justice.

An able financier calculates that the adjacent property deemed advisable to incorporate would aggregate in value several hundred thousand dollars. The taxes from that property would decrease the rate over the city generally and would be a fair proposition.

However, it is considered ill-advised to contemplate taking in all of the adjacent territory. There are some districts, consisting of hills and hollows, that would be a detriment, a dead expense. The lands to be incorporated are those that are comparatively thickly populated.

Mr. Cannon believes he will receive hearty encouragement in his efforts to accomplish his undertaking.

## DIVORCE GRANTED

In the Case of Anna Laughlin Against  
Edward Laughlin, of East  
Liverpool.

Lisbon, April 19.—(Special.)—Divorce was granted by Judge Hole yesterday afternoon in the case of Anna Laughlin vs. Edward Laughlin, of East Liverpool, which was passed a few days ago. The parties were married in East Liverpool in 1896 and have two children, Helen and Lucile, aged 6 and 4 years. Drunkenness, cruelty and desertion are the grounds upon which divorce was asked.

With the divorce the mother was given the custody of the children. The defendant is now living in Pittsburg.

## Orders of Court.

Lisbon, April 19.—(Special.)—In the case of Adda F. McKinney vs. the United Power company, leave is given defendant to answer instantly. In the case of Walter S. Firestone vs. William H. Hepburn, a motion to the petition has been overruled. The case of James C. Miller vs. B. A. Maxwell et al. has been dismissed at the plaintiffs cost for want of prosecution. In the case of W. H. Coffill vs. Anna Todd et al., L. Homer Everett has been made party defendant on his own motion with leave to answer instant.

## THE ARTISTIC IN CERAMICS FINDS EARNEST ADVOCATE

George E. Shropshire Will Lecture on the  
Subject Before the Carnegie  
Institute.

## HOPES TO INTEREST THE PHILANTHROPIST

Columbus, April 19.—(Special.)—George E. Shropshire, art director of the Ohio Flint Glass works at Lancaster, O., well known in the pottery and glass world, passed through Columbus en route to Pittsburg, where he will deliver a series of lectures on the manufacture of art glass, under the auspices of the Carnegie Technical institute. He will deliver two lectures this week and two next week. He has also been invited to lecture on the manufacture of ceramics and may speak on this subject in the near future.

Mr. Shropshire has held positions of trust with Ohio valley potteries and glass works. Two years ago he resigned the art directorship of the Warwick pottery in Wheeling to take his present position. He came west from Trenton, where he was associated with potteries.

He is enthusiastically interested in the artistic side of the manufacture of glassware and pottery and cannot conceive why the factories of this country cannot equal and even surpass the standard of excellence in these higher lines which have been attained abroad.

He regrets that the manufacturers of the United States do not manifest

the interest necessary to promote any movement in this direction. The artistic side does not seem to appeal to them. They are making the best grade of goods for domestic consumption produced anywhere and seemingly are content that their efforts should be confined in this direction.

The munificent donation of \$10,000,000 by Andrew Carnegie for the establishment of technical schools, in Mr. Shropshire's opinion, presents an opportunity for the development of the decorative and artistic in pottery and glass production which may never again be opened for centuries. He thinks that if the proper interest and spirit were shown by manufacturers the directorate of the institute could be induced to establish a school for the development of the artistic in these industries.

Were such a plan to be worked out successfully it might so appeal to Carnegie as to lead him to bestow many more millions upon this movement, which has always been close to his heart.

Mr. Shropshire will contend for a school for ceramics and glass ware in his lectures. He hopes to be able to launch a movement which will terminate in the establishment of such an institution.

## CONFERENCE COMMITTEE

Will Now Tackle the School Code,  
Senate Having Turned Down  
House Amendments.

Columbus, April 19.—(Special.)—The senate, by a vote of eighteen to one, refused yesterday to concur in the house amendments to the school code. Senator Hynes was the only member of the upper body to vote in favor of the house amendments. Senator Harrison spoke against the adoption of the report, characterizing many of the amendments as inexcusable blunders.

A conference committee will now struggle with the school question.

## Contract Let.

Lisbon, April 19.—(Special.)—The county commissioners have awarded Call Wright, of Lisbon, the contract for placing a boiler at the county infirmary for \$750. The contract for planning a bridge at Valley, Butler township, has been let to Charles Coffey, for \$33.45 and the trustees of Yellow Creek township have been instructed to repair three bridges in that township at the county's expense. A contract has also been awarded to J. W. Dennis for the building of a bridge on the Highlandtown and Saulsbury road for \$50.

## Seal Law Election Proposed.

Lisbon, April 19.—(Special.)—Union temperance meetings were held at the Presbyterian and M. E. churches Sunday night. The meetings were addressed by Rev. J. P. Anderson and Rev. J. S. Secret. These union meetings are held monthly and are preparatory to a Seal election, which the temperance people expect to hold here some time during the summer. Both churches were crowded.

## Gift of Sherman Library.

Columbus, April 19.—(Special.)—The library of Senator John Sherman, numbering 5,000 volumes, has been presented to the Ohio State library. The books from the senator's library at Mansfield are now on their way to Columbus. Many volumes will also be forwarded from his library at Washington. The books comprise general literature, political and social science and history.

## Sale Confirmed.

Lisbon, April 19.—(Special.)—A sheriff's sale of 112 acres and 39.72 acres in Madison township in the partition case of Susannah Hay vs. George H. Fife et al., has been confirmed and deed ordered to the respective purchasers, Frank Burbick and Keziah E. Grate.

## CERAMICS CUT OUT

DESPITE THE PETITIONS  
Potters Supported State University  
Appropriation, Only to Find  
Themselves Left.

Columbus, April 19.—(Special.)—Representatives Crist and Hill and other members of the legislature are incensed over the tactics employed by the officials of the Ohio State University at Columbus to secure an appropriation for a school of mines building for that institution.

The trouble came about over the ready willingness of the university officials to "lie down" when the matter of an appropriation for a department of ceramics in the new school of mines building was being considered before the house finance committee. The committee allowed the university \$60,000 for a school of mines building. The officials demurred, declaring the appropriation would not be sufficient for the building, which was to comprise departments for ceramics, mining and metallurgy. A member of the committee suggested that by omitting ceramics the appropriation might do. To the indignation of the friends of the pottery and other clay-making industries of the state, the officials of the university assented, with alacrity.

What makes the course of the officials more reprehensible, in the eyes of Messrs. Hill and Crist, is the fact that they solicited and secured the support of nearly all the manufacturing potters and clay-making concerns of Ohio for the appropriation, under the specious plea of wanting it for a department of ceramics as well as for mining and metallurgy.

## CRITICALLY ILL

Rev. A. W. Lytle, Former Lisbon Pastor,  
Reported Dying at Wash-  
ington, Pa.

Lisbon, April 19.—(Special.)—Word has been received here of the critical illness of Rev. A. W. Lytle, at his home in Washington, Pa. Rev. Mr. Lytle was pastor of the U. P. church here for several years and resigned last fall on account of failing health. He moved with his family to Washington, Pa., where he was giving a new system of electrical treatment to patients, as well as taking the treatment himself.

A few weeks ago he fell in alighting from a street car and the shock to his nervous system is believed to have caused his present trouble. Mrs. M. T. Nace and Mrs. W. Huston, of Lisbon, have left for Washington. The word sent here by members of the family gives no hope for his recovery.

without fail before the end of the week. Attorney Carey, of Salem, representing the company, will be in the city and formally accept the measure.

The telegram reached the solicitor just in time. He was preparing to have the injunction enforced, which would bar the company from further work in the city, when he received the word.

## SPECIAL SESSION OF CITY COUNCIL

The Newell Bridge Ordinances the  
Only Matters Likely to Be  
Acted Upon Tonight.

The special meeting of council to be held this evening was called for the transaction of general business, but it is hardly possible that much business will be taken up. The only important subject will be the two ordinances of the Newell Bridge company, which will be passed if enough councilmen are present.

The vehicle ordinance and the ordinance presented by M. F. Davis will be held over until the regular meeting of the solons.

## IMPORTANT VICTORY FOR JAS. J. HILL

Harriman and Pierce Not Allowed to  
Interfere in Northern Securities  
Settlement.

St. Paul, Minn., April 19.—(Special.)—The United States circuit court here today denied the motion of E. H. Harriman and Winslow S. Pierce for leave to intervene in the settlement of Northern Securities company affairs.

This is regarded as an important victory for J. J. Hill.

## REASONS ARE STRONG ONES

Councilman Cannon, father of the move to have the city limits extended, is determined more than ever that his efforts shall be successful. At the special meeting of council this evening he will be prepared to strongly advocate immediate action and will endeavor to impress his brethren of the propriety and fairness of such action.

At least one councilman will object to incorporating any more territory. It is not unnatural, though. He lives in a community where a large number of people will be affected by the extension in dollars and cents and as he looks to them for support from a political standpoint he has a pretty good excuse.

The incorporation of the outlying districts will increase the rate of taxation on all of the property of course, but Mr. Cannon argues that it should be increased. He says that it is not fair for the people living on the adjacent lands to receive the benefits derived by those in the corporation and yet be exempt from the same taxes. The property if taken in will increase in value and the incorporating will be only an act of justice.

An able financier calculates that the adjacent property deemed advisable to incorporate would aggregate in value several hundred thousand dollars. The taxes from that property would decrease the rate over the city generally and would be a fair proposition.

However, it is considered ill-advised to contemplate taking in all of the adjacent territory. There are some districts, consisting of hills and hollows, that would be a detriment, a dead expense. The lands to be incorporated are those that are comparatively thickly populated.

Mr. Cannon believes he will receive hearty encouragement in his efforts to accomplish his undertaking.

## DIVORCE GRANTED

In the Case of Anna Laughlin Against  
Edward Laughlin, of East  
Liverpool.

Lisbon, April 19.—(Special.)—Divorce was granted by Judge Hole yesterday afternoon in the case of Anna Laughlin vs. Edward Laughlin, of East Liverpool, which was passed a few days ago. The parties were married in East Liverpool in 1896 and have two children, Helen and Lucile, aged 6 and 4 years. Drunkenness, cruelty and desertion are the grounds upon which divorce was asked.

With the divorce the mother was given the custody of the children. The defendant is now living in Pittsburg.

## Orders of Court.

Lisbon, April 19.—(Special.)—In the case of Adda F. McKinney vs. the United Power company, leave is given defendant to answer instant. In the case of Walter S. Firestone vs. William H. Hepburn, a motion to the petition has been overruled. The case of James C. Miller vs. H. A. Maxwell et al. has been dismissed at the plaintiff's cost for want of prosecution. In the case of W. H. Coffell vs. Anna Todd et al., L. Homer Everett has been made party defendant on his own motion with leave to answer instant.

## THE ARTISTIC IN CERAMICS FINDS EARNEST ADVOCATE

George E. Shropshire Will Lecture on the  
Subject Before the Carnegie  
Institute.

## HOPES TO INTEREST THE PHILANTHROPIST

Columbus, April 19.—(Special.)—George E. Shropshire, art director of the Ohio Flint Glass works at Lancaster, O., well known in the pottery and glass world, passed through Columbus en route to Pittsburg, where he will deliver a series of lectures on the manufacture of art glass, under the auspices of the Carnegie Technical Institute. He will deliver two lectures this week and two next week. He has also been invited to lecture on the manufacture of ceramics and may speak on this subject in the near future.

Mr. Shropshire has held positions of trust with Ohio valley potteries and glass works. Two years ago he resigned the art directorship of the Warwick pottery in Wheeling to take his present position. He came west from Trenton, where he was associated with potteries.

He is enthusiastically interested in the artistic side of the manufacture of glassware and pottery and cannot conceive why the factories of this country cannot equal and even surpass the standard of excellence in these higher lines which have been attained abroad.

He regrets that the manufacturers of the United States do not manifest

the interest necessary to promote any movement in this direction. The artistic side does not seem to appeal to them. They are making the best grade of goods for domestic consumption produced anywhere and seemingly are content that their efforts should be confined in this direction.

The munificent donation of \$10,000,000 by Andrew Carnegie for the establishment of technical schools, in Mr. Shropshire's opinion, presents an opportunity for the development of the decorative and artistic in pottery and glass production which may never again be opened for centuries. He thinks that if the proper interest and spirit were shown by manufacturers the directorate of the institute could be induced to establish a school for the development of the artistic in these industries.

Were such a plan to be worked out successfully it might so appeal to Carnegie as to lead him to bestow many more millions upon this movement, which has always been close to his heart.

Mr. Shropshire will contend for a school for ceramics and glass ware in his lectures. He hopes to be able to launch a movement which will terminate in the establishment of such an institution.

## CONFERENCE COMMITTEE Will Now Tackle the School Code, Senate Having Turned Down House Amendments.

Columbus, April 19.—(Special.)—The senate, by a vote of eighteen to one, refused yesterday to concur in the house amendments to the school code. Senator Hynes was the only member of the upper body to vote in favor of the house amendments. Senator Harrison spoke against the adoption of the report, characterizing many of the amendments as inexcusable blunders.

A conference committee will now struggle with the school question.

Contract Let.  
Lisbon, April 19.—(Special.)—The county commissioners have awarded Call Wright, of Lisbon, the contract for placing a boiler at the county infirmary for \$750. The contract for planing a bridge at Valley, Butler township, has been let to Charles Coffee, for \$33.45 and the trustees of Yellow Creek township have been instructed to repair three bridges in that township at the county's expense. A contract has also been awarded to J. W. Dennis for the building of a bridge on the Highlandtown and Salsbury road for \$50.

What makes the course of the officials more reprehensible, in the eyes of Messrs. Hill and Crist, is the fact that they solicited and secured the support of nearly all the manufacturing potters and clay-making concerns of Ohio for the appropriation, under the specious plea of wanting it for a department of ceramics as well as for mining and metallurgy.

Beal Law Election Proposed.  
Lisbon, April 19.—(Special.)—Union temperance meetings were held at the Presbyterian and M. E. churches Sunday night. The meetings were addressed by Rev. J. P. Anderson and Rev. J. S. Secrest. These union meetings are held monthly and are preparatory to a Beal election, which the temperance people expect to hold here some time during the summer. Both churches were crowded.

Gift of Sherman Library.  
Columbus, April 19.—(Special.)—The library of Senator John Sherman, numbering 5,000 volumes, has been presented to the Ohio State library. The books from the senator's library at Mansfield are now on their way to Columbus. Many volumes will also be forwarded from his library at Washington. The books comprise general literature, political and social science and history.

Sale Confirmed.  
Lisbon, April 19.—(Special.)—A sheriff's sale of 112 acres and 39.72 acres in Madison township in the partition case of Susannah Hay vs. George H. Fife et al., has been confirmed and deed ordered to the respective purchasers, Frank Burbick and Keziah E. Grate.

## CERAMICS CUT OUT DESPITE THE PETITIONS

Potters Supported State University  
Appropriation, Only to Find  
Themselves Left.

Columbus, April 19.—(Special.)—Representatives Crist and Hill and other members of the legislature are incensed over the tactics employed by the officials of the Ohio State University at Columbus to secure an appropriation for a school of mines building for that institution.

The trouble came about over the ready willingness of the university officials to "lie down" when the matter of an appropriation for a department of ceramics in the new school of mines building was being considered before the house finance committee. The committee allowed the university \$60,000 for a school of mines building. The officials demurred, declaring the appropriation would not be sufficient for the building, which was to comprise departments for ceramics, mining and metallurgy. A member of the committee suggested that by omitting ceramics the appropriation might do. To the indignation of the friends of the pottery and other clay-making industries of the state, the officials of the university assented, with alacrity.

What makes the course of the officials more reprehensible, in the eyes of Messrs. Hill and Crist, is the fact that they solicited and secured the support of nearly all the manufacturing potters and clay-making concerns of Ohio for the appropriation, under the specious plea of wanting it for a department of ceramics as well as for mining and metallurgy.

## CRITICALLY ILL

Rev. A. W. Lytle, Former Lisbon Pas-  
tor, Reported Dying at Wash-  
ington, Pa.

Lisbon, April 19.—(Special.)—Word has been received here of the critical illness of Rev. A. W. Lytle, at his home in Washington, Pa. Rev. Mr. Lytle was pastor of the U. P. church here for several years and resigned last fall on account of failing health. He moved with his family to Washington, Pa., where he was giving a new system of electrical treatment to patients, as well as taking the treatment himself.

A few weeks ago he fell in alighting from a street car and the shock to his nervous system is believed to have caused his present trouble. Mrs. M. T. Nace and Mrs. W. Huston, of Lisbon, have left for Washington. The word sent here by members of the family gives no hope for his recovery.

## SALOON MAN SUED FOR \$3,000 DAMAGES

WOMAN ALLEGED LIQUOR WAS  
SOLD CONTRARY TO LAW.

Notified Not to Sell to Her Husband,  
But Proprietor Disregarded  
the Order.

Lisbon, April 19.—(Special.)—The Salineville damage case of Mary Hanley vs. Thomas and Mary Whalen came up for trial by the jury in court today. Mrs. Hanley asks \$3,000 damages for the alleged sale of liquor to her husband, David Hanley by the defendants, who keep a saloon in Salineville in a building of which Mrs. Whalen is the owner.

The plaintiff says she notified the defendants verbally on September 9, 1901, not to sell to her husband and on the following day served a written notice to that effect. It is alleged, however, that the proprietors of the saloon continued to sell to Hanley until he was unable to work and became a charge to his family and the plaintiff thinks she has been damaged in the sum named. She alleges that her husband, when sober, was an industrious coal miner earning about \$2 a day.

Judge J. G. Moore, of Lisbon, and S. T. McCormick, of Salineville, are the plaintiff's attorneys, and Judge P. M. Smith, of Wellsville, represents the defendants.

## JAPANESE TROOPS IN COMPLETE CONTROL

The Enemies of Russia Said to Have  
Things All Their Own Way  
in Korea.

Shanghai, April 19.—(Special.)—Advices from Seoul state that the Japanese are in complete control of Korea. It is believed that 40 transports have landed Japanese troops at Takinschau.

Liao-Yang, April 19.—(Special.)—A number of unimportant skirmishes are reported to have occurred along the Yalu river, Russian scouts killing six Japanese soldiers. Firing was heard Monday, but the results are not known.

## RAILROAD COMPANY ACCEPTS ORDINANCE

City Solicitor Notified That the C. &

### DEVON A DELEGATE.

William Devon, kiln fireman at the McNeil plant, left today for Columbus, where he will attend the 27th annual convention of the Royal Arcanum, of Ohio. Mr. Devon was elected alternate delegate from Peter Cooper council, of this city, and goes in the place of Walter Davidson, who was elected delegate. Mr. Devon was the delegate from the local lodge to the convention held at Columbus last year and in recognition of his services he will be given a place on several of the important committees, an honor that will be greatly appreciated by members of his lodge. He will be on the committee to select a location for the 1905 convention and will suggest East Liverpool as the place.

### PROMPT WORK.

Barbara Roberts, widow of the late John L. Roberts, the well known young decorator who died at his home here a few weeks ago, has received a check from the Royal Arcanum for the full amount of the insurance carried by her husband in the order. Proof of the death and other necessary papers were only forwarded to the headquarters of the order a little more than a

### DID NOT START.

The Walker plants of the American Sewer Pipe company did not start yesterday as was intended, but announcement is made that this will be done next Monday. The plants have been idle for several months and the men employed there are anxious to see work resumed. In the last two or three weeks extensive shipments have been made from the stock on hand, and a few days ago 20 cars were sent in there to be loaded.

### MR. KNOBLOCK LEAVES.

H. J. Knoblock, secretary of the Dredgen Pottery company, left last night for Cleveland on a business trip. While in the Forest City he will place on exhibition the new dinner set, "Golden Harvest," recently adopted by the firm. The new shape is one of the best ever designed for a local pottery and has already proved a local winner. As a starter 5,000 sets are now being made at the plant.

### NO. 16'S NEW OFFICERS.

Saggersmakers' local No. 16 held an important meeting last evening, at which officers for the ensuing term were elected as follows: President, Sam Crawford; vice president, Thomas Daugherty; secretary, William Moon; treasurer, J. J. Chapman; guard, Felix Hulse; trustee, Fred Booth.

## THE INSIDE INN AT ST. LOUIS

An Ideal Place for Visitors Right Inside the Grounds—No Tiresome Journeys to or from the City. No Discomfort—Time And Money Saved.

No matter who you are or what you are, no matter if your purse be slender or otherwise, if you wish to see the World's Fair at St. Louis and enjoy every moment of your time, the best place to stay—indeed, the only place to stay—is The Inside Inn.

The building of this splendid hostelry has marked a new departure in world's fair accommodations, it being the first time that the administration of any exposition has taken the question of lodging and creature comforts of its visitors under its personal supervision. This the World's Fair management has done. The Inside Inn has been built with the same lavish hand that has marked all other constructions at St. Louis. It is three stories high, 400 feet wide, 800 feet long, contains 2,257 bedrooms and can seat 2,500 people in its dining room at one sitting.

Every modern convenience obtainable has been installed and the comforts thus afforded enable visitors to enjoy the sights of the Exposition whenever they please and then go to their rooms for a rest without a long, tiresome journey to and from their lodgings. A great saving in time and money is consequently effected, as sight seeing can be begun directly after breakfast and continued late into the night without any exasperating run for the "last car." No admission fee other than the first is required from those guests who remain within the precincts of the Fair at The Inside Inn.

The Inside Inn is run on both the European and American plans and the rates are exceedingly moderate, ranging from \$1.50 to \$5.50 European, and from \$3 to \$7 American, including daily admission in both cases. The enormous capacity of The Inside Inn assures first-class accommodations for all—no matter when or in what numbers they come—but those who prefer to secure their rooms in advance may make reservations now for any period up to December 1. A post card addressed to The Inside Inn, Administration Building, World's Fair Grounds, St. Louis, will bring you an interesting booklet, giving full details and plans.

Frank Pittinger, presser at Goodwin's, who has been quite sick for several days, has recovered and returned to work yesterday.

Peter Salt, of the glost crew at McNeil's, is preparing for a trip to England this summer and expects to start about the middle of next month.

Miss Mildred Hurst, who has been finishing at Goodwin's, resigned her position yesterday and will accept one at the Smith & McNeil plant, Wellsville.

Arthur Shaw, who has been helping the mould makers at one of the Sebring plants for several days, has returned and will start at the East End plant this week. He reports the Sebring potteries running steadily.

Yellow napkins on a snowy white table cloth—what a jarring contrast that would be! It would be possible, however, if the napkins had been washed with ordinary yellow laundry soap. ## USED AN EXPLETIVE

Minnesota Senator, Forgetting Himself, Astonishes Dignified Upper House.

### HE WAS PLEADING FOR ALASKA

Said That Territory Had Been Badly Treated in Matter of Appropriations—Democrats in House Angered by Ruling of Speaker Cannon.

Washington, April 19.—The senate continued consideration of the sundry civil appropriation bill, but did not conclude it. A number of other bills were passed during the day, including measures ratifying agreements with the Indians of Devils Lake, Rosebud and Flathead reservations, located respectively in North Dakota, South Dakota and Montana. The conference report on the army appropriation bill will be considered today.

The discussion turned on the need of wagon roads in Alaska, Mr. Nelson saying that there was not a single wagon road in that territory and Mr. Teller asserting that if \$500,000 could be spent in the building of such roads there would be a rich return in the increase of gold production. Messrs. Proctor and Quarles said that it had been impossible to secure more than \$25,000 from the house conferees.

Mr. Nelson relates many details of his observations in Alaska while visiting the country as a member of a senate committee and aroused much interest as he told of its resources, the hardships to which the settlers are subjected and the little that has been done for the people. He grew especially zealous in his presentation of the production of precious metals, furs, etc., and his zeal in this connection was scarcely exceeded by the indignation he exhibited as he depicted the niggardliness of the government in dealing with the Alaskans. At last, completely forgetting himself, he exclaimed:

"All this they have done, Mr. President, and in return we have not done a d—d thing for them."

The statement was a surprise to all present, apparently as much to the speaker as to the audience. There seldom has been as spontaneous an outburst of laughter in the senate as the exclamation provoked. Mr. Nelson joined in the merriment, though with many evidences of embarrassment. His only apology was the remark that "sometimes adjectives came from the heart," and with that he closed his speech.

The house passed the last of the supply bills of the government, the general deficiency appropriation measure, after a stormy session which lasted till 8:15 in the evening. The contest was a party one over the deficiency appropriation for pensions, which the Democrats tried ineffectively to amend by incorporating as a law the recent executive age disability pension order. An effort was made by Mr. Moon of Tennessee to secure a ye and nay vote on his amendment as to the age disability order, but the speaker refused to recognize him for this purpose. On a pro forma motion to recommit the bill the Democrats, angered by the speaker's refusal to recognize Mr. Moon, secured a roll-call, but after the vote had been taken all further opposition ceased and the bill was passed.

### What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted for sale by Alvin H. Bulger.

Every modern convenience obtainable has been installed and the comforts thus afforded enable visitors to enjoy the sights of the Exposition whenever they please and then go to their rooms for a rest without a long, tiresome journey to and from their lodgings. A great saving in time and money is consequently effected, as sight seeing can be begun directly after breakfast and continued late into the night without any exasperating run for the "last car." No admission fee other than the first is required from those guests who remain within the precincts of the Fair at The Inside Inn.

The Inside Inn is run on both the European and American plans and the rates are exceedingly moderate, ranging from \$1.50 to \$5.50 European, and from \$3 to \$7 American, including daily admission in both cases. The enormous capacity of The Inside Inn assures first-class accommodations for all—no matter when or in what numbers they come—but those who prefer to secure their rooms in advance may make reservations now for any period up to December 1. A post card addressed to The Inside Inn, Administration Building, World's Fair Grounds, St. Louis, will bring you an interesting booklet, giving full details and plans.

John Goodwin, of the Goodwin Pottery company, who went east last week with his sample cases, has returned. Although there is no great demand for pottery, he secured several nice orders.

Thomas Goodwin, of the glass crew at McNicol's, who has been off sick for several days, has recovered and returned to work yesterday.

Frank Pittinger, presser at Goodwin's, who has been quite sick for several days, has recovered and returned to work yesterday.

Peter Salt, of the glass crew at McNicol's, is preparing for a trip to England this summer and expects to start about the middle of next month.

Miss Mildred Hurst, who has been finishing at Goodwin's, resigned her position yesterday and will accept one at the Smith & McNicol plant, Wells-ville.

Arthur Shaw, who has been helping the mould makers at one of the Sebring plants for several days, has returned and will start at the East End plant this week. He reports the Sebring potteries running steadily.

### ARE YOUR NAPKINS WHITE?

Yellow napkins on a snowy white table cloth—what a jarring contrast that would be! It would be possible, however, if the napkins had been washed with ordinary yellow laundry soap. When EASY TASK SOAP is the only soap used in the home, the napkins and table cloth as well will be of dazzling whiteness. Good grocers keep it—5 cents a bar.

## USED AN EXPLETIVE

Minnesota Senator, Forgetting Himself, Astonishes Dignified Upper House.

### HE WAS PLEADING FOR ALASKA

Said That Territory Had Been Badly Treated in Matter of Appropriations — Democrats in House Angered by Ruling of Speaker Cannon.

Washington, April 19.—The senate continued consideration of the sundry civil appropriation bill, but did not conclude it. A number of other bills were passed during the day, including measures ratifying agreements with the Indians of Devils Lake, Rosebud and Flathead reservations, located respectively in North Dakota, South Dakota and Montana. The conference report on the army appropriation bill will be considered today.

The discussion turned on the need of wagon roads in Alaska, Mr. Nelson saying that there was not a single wagon road in that territory and Mr. Teller asserting that if \$500,000 could be spent in the building of such roads there would be a rich return in the increase of gold production. Messrs. Proctor and Quarles said that it had been impossible to secure more than \$25,000 from the house conferees.

Mr. Nelson relates many details of his observations in Alaska while visiting the country as a member of a senate committee and aroused much interest as he told of its resources, the hardships to which the settlers are subjected and the little that has been done for the people. He grew especially zealous in his presentation of the production of precious metals, furs, etc., and his zeal in this connection was scarcely exceeded by the indignation he exhibited as he depicted the niggardliness of the government in dealing with the Alaskans. At last, completely forgetting himself, he exclaimed:

"All this they have done, Mr. President, and in return we have not done a d—d thing for them."

The statement was a surprise to all present, apparently as much to the speaker as to the audience. There seldom has been as spontaneous an outburst of laughter in the senate as the exclamation provoked. Mr. Nelson joined in the merriment, though with many evidences of embarrassment. His only apology was the remark that "sometimes adjectives came from the heart," and with that he closed his speech.

The house passed the last of the supply bills of the government, the general deficiency appropriation measure, after a stormy session which lasted till 8:15 in the evening. The contest was a party one over the deficiency appropriation for pensions, which the Democrats tried ineffectively to amend by incorporating as a law the recent executive age disability pension order. An effort was made by Mr. Moon of Tennessee to secure a ye and nay vote on his amendment as to the age disability order, but the speaker refused to recognize him for this purpose. On a pro forma motion to recommit the bill the Democrats, angered by the speaker's refusal to recognize Mr. Moon, secured a roll-call, but after the vote had been taken all further opposition ceased and the bill was passed.

### What You Need for Constipation.

## A Business Man's Strong Testimony

# LIFE PLANT

CURED HIM OF

## RHEUMATISM

AFTER EVERYTHING ELSE KNOWN TO MEDICINE HAD FAILED

THE LIFE PLANT CO., CITY:

Gentlemen—I am a druggist by profession, and was in the drug business for a number of years, but am now Secretary and Treasurer of the Carman Stamping and Enameling Company, at Canton, Ohio. I contracted the rheumatism in my feet. It was so bad at times that I could scarcely walk, would have to crawl on my hands and knees to get around at times. I took medicine of all kinds, nearly everything that I had in my store, which was about everything that is mentioned in the pharmacopoeia. I even sent to Germany for medicine that was especially recommended for rheumatism. It was so expensive, it cost me while taking it, 85 cts. per day. I also went to Mount Clemens and took the full course of baths. Was also at Atlantic City and took the ocean baths, but nothing gave me relief. I also sent for nearly everything that I saw advertised to cure rheumatism and gave each a fair trial but got no relief. When a friend of mine mentioned LIFE PLANT, I had taken so many different kinds of medicine that I did not have faith in any of them, but to please my friend I told him to send three bottles to my house. I commenced taking LIFE PLANT in February last. Before I had taken three bottles I was almost entirely well and now of this writing am entirely cured, and do not hesitate to say that I really believe that LIFE PLANT is the best medicine for rheumatism that was ever made, as it did for me what nothing else could do. Any one that is troubled with rheumatism, I would be pleased to have them write me, and I will give them all the references that they want, as I can refer them to hundreds of people who know me and know also how I suffered in the last four years, and am now perfectly well, and it was LIFE PLANT that cured me.

Very truly, MILLARD F. TAYLOR.

The above is only one of ten thousand Testimonials to the wonderful curative powers of Life Plant on file in the offices of The Life Plant Company.

## EAST END

### DOGS A NUISANCE

Stray Canines Are Numerous and Are  
Doing Great Damage to Flower  
Beds and Gardens.

Dogs are becoming more of a nuisance than ever to the people of the East End and many complaints are being made on account of the damage done by them to gardens and flower beds. A dog census taken now would show a greater number of canines than ever before, more breeds and more general cussedness.

An East End citizen whose garden was torn up yesterday by the dogs spent half a day trying to locate the owners, but failed. He found but one person willing to admit that he owned a dog, although hundreds of them can be seen every day.

### EXTENDING SEWER

Board of Public Service Taking Steps  
to Care for Pennsylvania Avenue  
Surface Water.

Under the direction of the board of public service, the work of caring for the surface water along Pennsylvania avenue where it passes through the old McKinnon estate has been commenced. When the road was paved a number of sewers were built to drain the water from the north side of the road. All but one of these sewers had an outlet on private property and complaint was made to the board on this account.

The sewer under the road at Clay street will be extended south to State street, a distance of about 200 feet, and the others will be bricked up.

### Connection Made.

The sprinkler system at the Colonial pottery was connected with the city water mains this morning and was found to be satisfactory. An inspection of the work was made by George Owen, in the interest of the insurance companies and by Superintendent Morley, of the city water department. A line is being extended to the Globe pottery for use with the sprinkler system there.

**Deafness Cannot Be Cured**  
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists. J. C. HENNEY & CO., Toledo, O. Hall's Family Pills are the best.

**Chronic Bronchitis Cured.**  
"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction."

## A Business Man's Strong Testimony

# LIFE PLANT

CURED HIM OF

## RHEUMATISM

AFTER EVERYTHING ELSE KNOWN TO MEDICINE HAD FAILED

THE LIFE PLANT CO., CRY:

*Challenge*—I am a druggist by profession, and was in the drug business for a number of years, but am now Secretary and Treasurer of the Caranahan Stamping and Enameling Company, at Canton, Ohio. I contracted the rheumatism in my feet. It was so bad at times that I could scarcely walk, would have to crawl on my hands and knees to get around at times. I took medicine of all kinds, nearly everything that I had in my store, which was about everything that is mentioned in the pharmacopoeia. I even sent to Germany for medicine that was especially recommended for rheumatism. It was so expensive, it cost me while taking it, 85 cts. per day. I also sent to Mount Clemens and took the full course of baths. Was also at Atlantic City and took the ocean baths, but nothing gave me relief. I also sent for nearly everything that I saw advertised to cure rheumatism and gave each a fair trial but got no relief. When a friend of mine mentioned LIFE PLANT, I had taken so many different kinds of medicine that I did not have faith in any of them, but to please my friend I told him to send three bottles to my house. I commenced taking LIFE PLANT in February last. Before I had taken three bottles I was almost entirely well and now at this writing am entirely cured, and do not hesitate to say that I really believe that LIFE PLANT is the best medicine for rheumatism that was ever made, as it did for me what nothing else could do. Any one that is troubled with rheumatism, I would be pleased to have them write me, and I will give them all the references that they want, as I can refer them to hundreds of people who know me and know also how I suffered in the last four years, and am now perfectly well, and it was LIFE PLANT that cured me.

Very truly, MILLARD F. TAYLOR.

The above is only one of ten thousand Testimonials to the wonderful curative powers of LIFE PLANT on file in the offices of the Life Plant Company.

## EAST END

### DOGS A NUISANCE

Stray Canines Are Numerous and Are Doing Great Damage to Flower Beds and Gardens.

Dogs are becoming more of a nuisance than ever to the people of the East End and many complaints are being made on account of the damage done by them to gardens and flower beds. A dog census taken now would show a greater number of canines than ever before, more breeds and more general cussedness.

An East End citizen whose garden was torn up yesterday by the dogs spent half a day trying to locate the owners, but failed. He found but one person willing to admit that he owned a dog, although hundreds of them can be seen every day.

### EXTENDING SEWER

Board of Public Service Taking Steps to Care for Pennsylvania Avenue Surface Water.

Under the direction of the board of public service, the work of caring for the surface water along Pennsylvania avenue where it passes through the old McKinnon estate has been commenced. When the road was paved a number of sewers were built to drain the water from the north side of the road. All but one of these sewers had an outlet on private property and complaint was made to the board on this account.

The sewer under the road at Clay street will be extended south to State street, a distance of about 200 feet, and the others will be bricked up.

### Connection Made.

The sprinkler system at the Colonial pottery was connected with the city water mains this morning and was found to be satisfactory. An inspection of the work was made by George Owen, in the interest of the insurance companies and by Superintendent Morley, of the city water department. A line is being extended to the Globe pottery for use with the sprinkler system there.

**Deafness Cannot Be Cured**  
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running or itching ear, or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; this case of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### Chronic Bronchitis Cured.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction."

Peary's backers, having failed to raise the necessary \$200,000, the explorer will not make another journey northward this year. If he hankers for arctic temperature, it does not look as if he would be greatly disappointed, remaining quietly at home.

A quiet presidential campaign is predicted by some of the political prophets. They must refer to the Democratic side. The Republicans have too much at stake and are too thoroughly aroused to permit of any apathy taking root.

Forty-two tons of gold were converted into United States coin at the Philadelphia mint last week. The value of the output was \$11,392,500. Not even the beef-trust or the Standard Oil company can match this record for money-making.

If Carnegie runs short of beneficiaries for his hero fund, why not consider the claims of the Democrat who has courage enough to run for congress in the Eighteenth Ohio district?

The announcement that Tom Johnson is out of politics comes a little late. Most people were aware of the fact when they read the November election returns.

It is a pity that David B. Hill, who has wanted so long to return to leadership in the Democratic party, should be compelled to lead a forlorn hope or nothing.

Twenty-five members of the United States senate are past the age of 73. The country evidently adheres to the maxim, "Old men for counsel."

Wellsville council has declared war on the wine rooms. By watching the ensuing combat this city may pick up a few valuable pointers.

The Democracy of Pennsylvania, considering the impossibility of being useful, is wasting a heap of time in deliberation.

## SOCIAL EVENTS

### Columbian Club Reunion.

The organization formerly known as the Columbian club of this city will give a banquet on the evening of Thursday, April 21, at the Thompson house. The Columbian club some time ago was known as one of the most popular clubs of the city. In the past few years when the members became closely engaged in other walks of life the club did not continue. Those who were members at the time the club disbanded will comprise the banqueting party, there being about 50. It will be an exceedingly auspicious event, for toasts and past memories of club days will occupy much of the time at the banquet.

The following is the program of toasts:

"As You Like It," John S. Goodwin; "Criterion of a Club Man," Louis Weaver; "An Absent Member of the Club," Hollis E. Grosshans; "My First After Dinner Speech," Harry Murphy; "Our Camp on Little Beaver," F. W. Timmons; "Better to Have Loved and Lost, Than Not to Have Loved at All," D. H. Yant; "Reminiscences," Dr. O. P. Andrews; "Vision of a New Home," W. H. Leech; "At Home and Abroad," Dr. W. G. Brindley; "Whole-some Club Atmosphere," H. A. Kaffer; "The Current and the Shoals," H. J. Clark; "Is That Your Game?" John M. Manor; "Starring in Comic Opera," Robert L. Foutts; "Has Our Club a Future?" M. J. McGarry.

### Hoyt-Laughlin.

In the presence of a few relatives and close friends, Miss Daisy Hoyt and Grover C. Laughlin were married Saturday night by Rev. F. M. Pitman, of the Second Christian church. The ceremony was performed at the home on Pennsylvania avenue, which had been furnished by the young couple in which to go to housekeeping.

Mr. and Mrs. Laughlin are well and favorably known throughout the East End and have innumerable friends and acquaintances. The groom is a worthy and reliable young man and holds a good position in the warehouse at the Goodwin pottery. He is a member of the Second Christian church and superintendent of its Sunday school. Mrs. Laughlin is a daughter of Mrs. Evaline Hoyt and has lived in the East End nearly all her life. She is a talented young lady, also a member of the Second Christian church and active in religious work.

### Blues Win the Banquet.

During the past winter two contesting sides, known as the Y. M. C. A. "Reds" and "Blues," have been working assiduously to gain the largest number of new members to the Y. M. C. A. list. The successful contestants, the "Blues," will be given a supper on Thursday night by the defeated side. The supper will be given at Smith's restaurant on Sixth street, when covers will be laid for nearly 40 guests. The evening will be spent in banqueting and a number of toasts will be given. J. J. Van Fossan, captain of the "Reds," will be honor guest, and Frank Gallimore, captain of the "Blues," will be master of ceremonies.

### National Club Dance.

The members of the National club with their ladies will hold a dance at the club rooms in the First National bank building this evening. The club has become celebrated for the many enjoyable features in connection with their hops, and the program arranged for tonight will be especially attractive.

### Remembered By Friends.

Ernest W. Thompson, who has been in business in this city for several years, was agreeably surprised last evening when a few friends appeared at his home on Second street, and without undue ceremony, presented him with a fine rocker. Mr. Thompson will leave with his family in a few days for Michigan, where they will make their future home, and the friends in this city desired that Mr. Thompson should remember them in some way. The presentation speech was made by George H. Parry.

### Reception to Pastor's Wife.

A very interesting meeting of the Woman's Home and Foreign Missionary society of the First Presbyterian church will be held tomorrow afternoon, beginning at 2:30 o'clock. Mrs. George H. Owen will preside and a missionary program will occupy a portion of the time.

### Epworth League Anniversary.

The services last evening at the First M. E. church held in celebration of the Epworth League, were largely attended and were most enjoyable. Rev. G. W. Orcutt, of East Palestine, and Rev. A. O. Gruber, of Mingo Junction, delivered addresses and the singing of the conference quartet composed of Messrs. Orcutt, Gruber, Davidson and Lloyd was especially appreciated. Services will also be held this evening and tomorrow evening.

### Young Men to Entertain.

Lisbon, April 19.—(Special.)—The young men who were entertained a few weeks ago by the young ladies of the Fin de Siecle club, will give a return party in the new city hall on Thursday evening, April 28. Five pieces of the Ohio orchestra, Youngstown, have been engaged.

### Belmont Dance.

Arrangements have been completed for the dance to be given on Thursday evening by the Belmont club in their club rooms. The members will entertain their lady friends at this party which is anticipated as an enjoyable event.

## FRIENDS AND VISITORS

John R. Daugherty is ill at his home on Sheridan avenue.

Mrs. E. W. Crosse, of Georgetown, Pa., is visiting friends in this city today.

Walter Crewson, a prominent Sebring Brotherhood man, was in the city yesterday.

William Campbell and wife, who have been visiting relatives here, returned to Toronto yesterday.

The condition of William Streets, janitor of Carnegie public library, is reported somewhat improved.

Robert Martin is ill at the home of his sister, Mrs. Walker, on Bank street, with an attack of quinsy.

Mrs. Frank Conkle is suffering with pneumonia and fever at her country home near the Bell school in St. Clair township.

Mr. and Mrs. William Humble and son have been called to Cleveland, where Mr. Humble's brother is not expected to live.

Miss Margaret Bell, who has been the guest of Mrs. R. Eberling, of Seventh street, left for her home at Steubenville yesterday.

R. E. George, of West Point, was in town today. He reports very little plowing done and conditions rather unfavorable for the farmers.

Thomas Anderson, who was formerly a resident of this city, visited here a few days last week. He left for his home in Zanesville this morning.

Amanda Huston, of Greensburg, Pa., who has been the guest of friends in this city for several days, departed for her home on the morning train.

William F. Bailey has returned from Mt. Clemens, Mich., where he has been for the last six weeks taking treatment. He is apparently in good health.

Miss Anna Walsh, of Sharpsburg, who has been the guest of the family of George H. Parry on Bradshaw avenue for several days, returned to her home yesterday.

Mrs. Linn, of Rush Run, arrived in the city yesterday, having been called here by the illness of her son, William Linn, who is confined to his home on Sixth street with lung trouble.

T. J. Naylor, who has been employed as an engineer at the Dresden pottery for several years, will leave in a few days for Monroe county, Ind., where he will engage in the manufacture of brick.

ensuing combat this city may pick up  
a few valuable pointers.

## SOCIAL EVENTS

### Columbian Club Reunion.

The organization formerly known as  
the Columbian club of this city will  
give a banquet on the evening of  
Thursday, April 21, at the Thompson  
house. The Columbian club some time  
ago was known as one of the most pop-  
ular clubs of the city. In the past few  
years when the members became  
closely engaged in other walks of life  
the club did not continue. Those who  
were members at the time the club  
disbanded will comprise the banquet-  
ing party, there being about 50. It will  
be an exceedingly auspicious event, for  
toasts and past memories of club days  
will occupy much of the time at the  
banquet.

The following is the program of  
toasts:

"As You Like It," John S. Goodwin;  
"Criterion of a Club Man," Louis  
Weaver; "An Absent Member of the  
Club," Hollis E. Grosshans; "My First  
After Dinner Speech," Harry Murphy;  
"Our Camp on Little Beaver," F. W.  
Timmons; "Better to Have Loved  
and Lost, Than Not to Have Loved at  
All," D. H. Yant; "Reminiscences,"  
Dr. O. P. Andrews; "Vision of a New  
Home," W. H. Leech; "At Home and  
Abroad," Dr. W. G. Brindley; "Whole-  
some Club Atmosphere," H. A. Kaffer;  
"The Current and the Shoals," H. J.  
Clark; "Is That Your Game?" John M.  
Manor; "Starring in Comic Opera,"  
Robert L. Foutts; "Has Our Club a  
Future?" M. J. McGarry.

### Hoyt-Laughlin.

In the presence of a few relatives  
and close friends, Miss Daisy Hoyt  
and Grover C. Laughlin were married  
Saturday night by Rev. F. M. Pitman,  
of the Second Christian church. The  
ceremony was performed at the home  
on Pennsylvania avenue, which had  
been furnished by the young couple in  
which to go to housekeeping.

Mr. and Mrs. Laughlin are well and  
favorably known throughout the East  
End and have innumerable friends and  
acquaintances. The groom is a wor-  
thy and reliable young man and holds  
a good position in the warehouse at  
the Goodwin pottery. He is a member  
of the Second Christian church and su-  
perintendent of its Sunday school.  
Mrs. Laughlin is a daughter of Mrs.  
Evaline Hoyt and has lived in the East  
End nearly all her life. She is a tal-  
ented young lady, also a member of the  
Second Christian church and active in  
religious work.

### Blues Win the Banquet.

During the past winter two contest-  
ing sides, known as the Y. M. C. A.  
"Reds" and "Blues," have been work-  
ing assiduously to gain the largest  
number of new members to the Y. M.  
C. A. list. The successful contestants,  
the "Blues," will be given a supper on  
Thursday night by the defeated side.  
The supper will be given at Smith's  
restaurant on Sixth street, when cov-  
ers will be laid for nearly 40 guests.  
The evening will be spent in banquet-  
ing and a number of toasts will be  
given. J. J. Van Fossan, captain of  
the "Reds," will be honor guest, and  
Frank Gallimore, captain of the  
"Blues," will be master of ceremonies.

### National Club Dance.

The members of the National club  
with their ladies will hold a dance at  
the club rooms in the First National  
bank building this evening. The club  
has become celebrated for the many  
enjoyable features in connection with  
their hops, and the program arranged  
for tonight will be especially attract-  
ive.

### Remembered By Friends.

Ernest W. Thompson, who has been  
in business in this city for several  
years, was agreeably surprised last  
evening when a few friends appeared  
at his home on Second street, and  
without undue ceremony, presented  
him with a fine rocker. Mr. Thompson  
will leave with his family in a few  
days for Michigan, where they will  
make their future home, and the  
friends in this city desired that Mr.  
Thompson should remember them in  
some way. The presentation speech  
was made by George H. Parry.

### Reception to Pastor's Wife.

### Epworth League Anniversary.

The services last evening at the  
First M. E. church held in celebration  
of the Epworth League, were largely  
attended and were most enjoyable.  
Rev. G. W. Orcutt, of East Palestine,  
and Rev. A. O. Gruber, of Mingo Junc-  
tion, delivered addresses and the sing-  
ing of the conference quartet com-  
posed of Messrs. Orcutt, Gruber, David-  
son and Lloyd was especially ap-  
preciated. Services will also be held  
this evening and tomorrow evening.

### Young Men to Entertain.

Lisbon, April 19.—(Special.)—The  
young men who were entertained a  
few weeks ago by the young ladies of  
the Fin de Siecle club, will give a re-  
turn party in the new city hall on  
Thursday evening, April 28. Five  
pieces of the Ohio orchestra, Youngs-  
town, have been engaged.

### Belmont Dance.

Arrangements have been completed  
for the dance to be given on Thurs-  
day evening by the Belmont club in  
their club rooms. The members will  
entertain their lady friends at this  
party which is anticipated as an enjoy-  
able event.

## FRIENDS AND VISITORS

John R. Daugherty is ill at his home  
on Sheridan avenue.

Mrs. E. W. Crosse, of Georgetown,  
Pa., is visiting friends in this city  
today.

Walter Crewson, a prominent Se-  
bring Brotherhood man, was in the  
city yesterday.

William Campbell and wife, who  
have been visiting relatives here, re-  
turned to Toronto yesterday.

The condition of William Streets,  
janitor of Carnegie public library, is  
reported somewhat improved.

Robert Martin is ill at the home of  
his sister, Mrs. Walker, on Bank  
street, with an attack of quinsy.

Mrs. Frank Conkle is suffering with  
pneumonia and fever at her country  
home near the Bell school in St. Clair  
township.

Mr. and Mrs. William Humble and  
son have been called to Cleveland,  
where Mr. Humble's brother is not ex-  
pected to live.

Miss Margaret Bell, who has been  
the guest of Mrs. R. Eberling, of Sev-  
enth street, left for her home at Steu-  
benville yesterday.

R. E. George, of West Point, was in  
town today. He reports very little  
plowing done and conditions rather un-  
favorable for the farmers.

Thomas Anderson, who was formerly  
a resident of this city, visited here a  
few days last week. He left for his  
home in Zanesville this morning.

Amanda Huston, of Greensburg, Pa.,  
who has been the guest of friends in  
this city for several days, departed  
for her home on the morning train.

William F. Bailey has returned from  
Mt. Clemens, Mich., where he has been  
for the last six weeks taking treat-  
ment. He is apparently in good  
health.

Miss Anna Walsh, of Sharpsburg,  
who has been the guest of the family  
of George H. Parry on Bradshaw ave-  
nue for several days, returned to her  
home yesterday.

Mrs. Linn, of Rush Run, arrived in  
the city yesterday, having been called  
here by the illness of her son, William  
Linn, who is confined to his home on  
Sixth street with lung trouble.

T. J. Naylor, who has been em-  
ployed as an engineer at the Dresden  
pottery for several years, will leave  
in a few days for Monroe county, Ind.,  
where he will engage in the manu-  
facture of brick.

## SPEEDY HEARING NOT TO ATTORNEYS LIKING

Lawyer Lones Objected to David Case Being "Railroaded" Through Mayor's Court.

Not in recent years has a case in the mayor's court attracted so much attention as that now on the docket of Mayor Fogo, in which Thomas David is the defendant. When the case was resumed in council chamber yesterday afternoon, Attorney Lones told the court "that he never heard of a case being railroaded into trial as fast as this."

There were almost 100 people in the court room, and the remark was made when one could have heard a pin drop.

The court said that there was no intention of the case being rushed through, other than it was the desire of the court to wind up a number of other cases which are to follow this one.

"Do you mean that cases in which this case plays a part are to come up?" asked Mr. Lones.

"Not this case," replied the court, "but others."

The announcement was then made by the court that the case was continued until Thursday morning at 10 o'clock.

It is said that about 20 witnesses for the corporation have been summoned, and that almost an equal number have been secured to testify for the defendant.

## ROADMEN ARE IDLE; FREIGHTS ARE OFF

Unusual Conditions Are Said to Prevail on Cleveland & Pittsburgh Road This Spring.

Announcement has been made by railroad men that when the company annulled a number of freight trains no less than 150 roadmen were placed on the idle list. These conditions are said to have never prevailed before, especially in the spring, when during the past few years freight business on the C. & P. road has been unusually extensive.

The fact that so many railroad men are now idle is not very pleasing news to the business interests of the city. The fact that this new order is believed to be only temporary is a consoling thought to many, and the belief is growing that within a few weeks business will be as brisk along the Cleveland & Pittsburgh road as it has been in the past.

## THE SERVICE BOARD

Contractor Rinehart Files Notice of Money Due—Gas Company Bond Demanded.

Contractor H. S. Rinehart, of East Liverpool, today notified the Wellsville board of service that on May 1 there would be due him \$432.89, which is the balance of five per cent retained for one year, for completion of the Spring Hill road.

The Tri-State Gas company is to be asked at once why the corporation has not filed its bond of \$2,000 with the board, as was previously arranged. A demand for the bond was made.

The bill of J. C. Rolley for \$285 for the completion of the Eighteenth

street catch basin, and the improvement at Ninth street, was paid.

Owing to illness of Member W. G. Stewart, he was unable to attend the session of the board today.

## ASKS FOR VACATION THEN GETS MARRIED

RECORD CLERK PRY GIVES HIS FRIENDS A SURPRISE.

Box of Cigars on His Desk Tells Tale of His Actions—Returns and Confesses.

"Well, we got married, and that is all there is to it," said Samuel F. Pry, record clerk at the Wellsville freight office, to his fellow clerks yesterday. Thus, Wellsville has furnished another alleged elopement, and few knew anything about the affair.

Pry is the son of Robert A. Pry, employed at the Lewis store. He has lived at home, but it is said he has changed his residence. Saturday young Pry, who is not yet 21 years old, asked Agent E. J. Broderick if he could get off early in the afternoon, and his request was readily granted. He made no mention where he proposed to go, other than say he was going out of the city over night. He returned yesterday morning, and went to work as if nothing had happened.

It now develops that Pry went to Liverpool, Jackson county, W. Va., where he and Miss Myrtle Mitchell were wedded yesterday. They returned to Wellsville yesterday.

Pry was dressed in his best clothes. His fellow clerks asked him about this, and to their query replied that he was afraid to go home to get his working clothes. However, he may have just been joking when he made this remark.

During the afternoon he left the office, not saying where he was going. On his desk was found a box of cigars, which were devoured by his fellow clerks. The whole scheme was then explained by this act, and his young friends are now congratulating him.

The young man has made the boast that his wife is about 18 years of age and he is not yet 21. The parents of Pry are said to have been in ignorance of the intended actions of their son, but it is thought that he will be forgiven and that Mr. and Mrs. Pry, like all other young couples, will be received into their home with the customary blessing.

## BOARD OF EDUCATION ELECTS OLD OFFICERS

Solicitor to Try to Get Small Tuition Bill from Yellow Creek Township Which is Past Due.

The same old officers were re-elected at a meeting of the Wellsville board of education last evening. Dr. Park Rex is elected president and A. G. McKenzie secretary at a salary of \$100 a year. Under the Chapman law all the present members hold over until January, but the law provides that the board be re-organized at least once a year.

The board wants \$40 from the Yellow Creek township trustees for tuition in the Wellsville high school. They

will not pay. Solicitor Boyd will try to collect the amount.

A contract was signed with the Milligan Hardware company, of East Liverpool, for the completion of the new fire escapes at the central building. A warrant for the payment of the salary of the secretary for the past year was drawn.

## STREETS CAVE IN

Lisbon Street in Worse Condition Than It Has Been in Recent Years.

The condition of Lisbon street is worse now than it has been in many years past. In many cases the slides from the hill have completely undermined the roadway and danger posts have been established. When the condition of the street will be changed no one can tell.

It is claimed that this street has never been accepted by the city from Contractor Silver, and that before it is accepted it will have to be placed in good condition. In some places the bricks from the new road are lying over on the hillside, and that the bank of the street in places is nowhere to be found.

## BUYS SOAP PLANT

Daniel Robinson Purchases at Court Sale Factory of Combination Soap Company For Small Sum.

Plant, good will and chattels of the Combination Soap company were purchased at a constable's sale yesterday afternoon by Daniel Robinson, formerly general manager of the plant, for \$275. It is announced that the factory will be placed into immediate operation.

Here ends a case that has been hanging fire in the court of Justice McKenzie for almost a month. Several claims were against the old company, which has been re-organized, and placed on a sound financial basis. Improvements are to be made to the plant at once, after which a strong bid for business will be made.

## FIVE HOURS DAILY

Working Time of Wellsville Shop Men Has Again Been Reduced By Another Order.

Workmen at the Wellsville shops have had their working time again reduced by an order that was received at the shops yesterday. The new order only allows the men to work five hours a day for five days and no work on Saturday. This order is effective until May 1, when it is thought a change of affairs will result.

However, although the new order says that May 1 is the limit for these short hours, the men believe that the order will be withdrawn soon. There is any amount of work in the shops now, all of which is of an important character, and it will have to be completed soon.

## PAYS OFF BONDS

City Auditor McGregor Reduces Bonded Debt of Wellsville Small Amount Yesterday.

By the action of City Auditor McGregor yesterday the bonded debt of Wellsville has been reduced several dollars. During the day he paid off \$2,000 in bonds and coupons amounting to \$120.

There is some more money due on these bond accounts this month, and it is said each month during the year some of the bonded debt will be paid.

## CURE CATARRH BY BREATHING

Will Reed Offers to Return Money if Hyomei Treatment Fails to Cure Catarrh Without Stomach Dosing.

If for a few minutes four times a day you breathe Hyomei, all catarrhal germs will be destroyed and the irritated mucous membrane restored to health.

With every Hyomei outfit there is a neat inhaler which can be carried in the purse or pocket. Hyomei breathed through this contains the same healing balsams that are found in the air upon the mountains, where catarrh is unknown.

It destroys all catarrhal germs in the air passages of the head, throat and nose, and makes a positive and permanent cure of catarrh.

The complete outfit costs but \$1, while extra bottles of Hyomei can be obtained for 50c, making it one of the most economical of treatments for catarrh.

Will Reed believes so thoroughly in the merit of Hyomei, that he guarantees to return the money if it fails. This is certainly the strongest evidence he can give of his faith in the Hyomei treatment. It enables any one to use Hyomei without risk of spending money for nothing.

Ask Mr. Reed to show you a Hyomei outfit and explain to you what a simple and easy way it is to relieve and cure your catarrhal troubles.

This is made necessary by the new code, which provides that a portion of the bonded debt be paid annually. Money for this purpose is obtained through the tax levy.

## Goes to Presbytery.

Dr. Park left yesterday afternoon for New Philadelphia, where he last evening attended the opening session of Steubenville presbytery of the Presbyterian church. He was accompanied in the journey by Rev. A. D. McCullough, of Toronto, who was formerly pastor of the Long's Run church at Calcutta. Both are expected to return to their respective homes this evening.

## HIGH SCHOOL DIPLOMAS WILL ADMIT TO COLLEGE

Local Graduates Will Not Be Required to Pass Examination at Universities.

Graduates from the local high school in the future will be admitted to the leading colleges and universities without undergoing a preparatory course. It will only be necessary for them to furnish their diploma and a certificate of their standing upon leaving the East Liverpool school. This fact was made known at the meeting of the board of education last evening.

Prof. R. E. Rayman informed the board that he had received a communication from W. W. Boyd, of the Ohio State university, state inspector of high schools, to the effect that the local high school had been placed on the credited list of the high schools within the jurisdiction of the Interstate High School association. There were 800 high schools recommended for admittance into the class and East Liverpool was one of the 34 successful ones.

There was little other business before the board. A few bills were read and ordered paid and matters of minor importance discussed.

## REPAIRS NEEDED

Matter of West End Improvements Left For Council to Act Upon.

The board of public service, accompanied by the city engineer, inspected the damaged property in the West End yesterday, rendered so by the heavy rains and floods.

It was the decision of the board that the damage should be repaired, but the matter will be laid before council this evening and no action will be taken unless council authorizes it.

## More Paving at Palestine.

East Palestine, April 19.—(Special.)—At a meeting of council here last night a petition was presented for the paving of East and West Main streets, which include 12 blocks. The petition was referred to the proper committee, which will probably take favorable action to have the work done.

## NEW ADVERTISEMENTS TODAY.

## HILL'S GAS BILL ON THE CALENDAR

House Will Reach the Measure and Act Upon It Tomorrow.

Columbus, April 19.—(Special.)—Representative Hill's bill to regulate the sale of natural gas has been recommended for passage and placed on the house calendar for action tomorrow. Under the bill consumers can only be made to pay for the actual amount of gas used. Deductions are required from bills for air which may pass through the meter. Meters are to be tested and a severe penalty is provided for false registering. It will require hustling on the part of the author to get the measure through the senate on account of the large amount of work before that body.

Senator Connell's bill to erect and maintain a monument in Columbiana county to mark the spot where the surrender of General John B. Morgan took place comes up for final passage in the house today and seems likely to go through.

## CITY LAYS CLAIM

To a Quantity of Cement Left Over from Pumping Station Work at Wellsville.

Lisbon, April 19.—(Special.)—In the case of Giles McGregor et al vs. the Duquesne Engineering company of Pittsburgh, in which A. G. Smith, of Wellsville, was appointed receiver for the company some time ago, a question as to the ownership of some cement was presented to the court this afternoon. A lot of cement now on hand, to have been used in constructing the pumping station, was purchased by the city on the estimate and to this material the municipality lays claim.

The creditors of the company hold that it should be used along with other assets in paying the debts of the company.

Upon the conclusion of the hearing, Judge Hole decided that the material should be at the disposal of the creditors, along with the other assets. Solicitor Boyd signified his intention of appealing the case to the circuit court.

## Accepted Position.

## HORSE TRADE SEQUEL WAS A LAWSUIT

Purchaser Repented of His Bargain Before Reaching Home and Was Awarded \$50.

An interesting "hoss" case was tried before a jury in the court of Squire McLane yesterday afternoon. Robert Stewart, an undertaker of Hookstown, was the plaintiff and James Hill, proprietor of the Woodbine laundry, was the defendant. Judgment was rendered in favor of the plaintiff, who was awarded \$50 and Hill was ordered to pay the costs. The case may be appealed.

Stewart needed a mate for a horse that he owned and upon the recommendation of a friend by the name of Leister went to Hill to buy a horse that had been used in the laundry wagon. A deal was effected whereby Stewart gave one of his horses and \$100 boot for Hill's horse. Stewart alleged that the horse was recommended to be perfectly sound and that before he got home with the new purchase he found it to be wind broken. He immediately returned to the city and told Mr. Hill of his discovery and wanted him to trade back, but Mr. Hill would not listen to him. Mr. Stewart was determined not to be beaten and he entered suit to recover damages. The jury thought he should have \$50.

Attorney J. H. Brookes represented the defendant and Attorney W. K. Gaston the plaintiff.

## SPEEDY HEARING NOT TO ATTORNEYS LIKING

Lawyer Lones Objected to David Case Being "Railroaded" Through Mayor's Court.

Not in recent years has a case in the mayor's court attracted so much attention as that now on the docket of Mayor Fogo, in which Thomas David is the defendant. When the case was resumed in council chamber yesterday afternoon, Attorney Lones told the court "that he never heard of a case being railroaded into trial as fast as this."

There were almost 100 people in the court room, and the remark was made when one could have heard a pin drop.

The court said that there was no intention of the case being rushed through, other than it was the desire of the court to wind up a number of other cases which are to follow this one.

"Do you mean that cases in which this case plays a part are to come up?" asked Mr. Lones.

"Not this case," replied the court, "but others."

The announcement was then made by the court that the case was continued until Thursday morning at 10 o'clock.

It is said that about 20 witnesses for the corporation have been summoned, and that almost an equal number have been secured to testify for the defendant.

street catch basin, and the improvement at Ninth street, was paid.

Owing to illness of Member W. G. Stewart, he was unable to attend the session of the board today.

## ASKS FOR VACATION THEN GETS MARRIED

RECORD CLERK PRY GIVES HIS FRIENDS A SURPRISE.

Box of Cigars on His Desk Tells Tale of His Actions—Returns and Confesses.

"Well, we got married, and that is all there is to it," said Samuel F. Pry, record clerk at the Wellsville freight office, to his fellow clerks yesterday. Thus, Wellsville has furnished another alleged elopement, and few knew anything about the affair.

Pry is the son of Robert A. Pry, employed at the Lewis store. He has lived at home, but it is said he has changed his residence. Saturday young Pry, who is not yet 21 years old, asked Agent E. J. Broderick if he could get off early in the afternoon, and his request was readily granted. He made no mention where he proposed to go, other than say he was going out of the city over night. He returned yesterday morning, and went to work as if nothing had happened.

It now develops that Pry went to Liverpool, Jackson county, W. Va., where he and Miss Myrtle Mitchell were wedded yesterday. They returned to Wellsville yesterday.

Pry was dressed in his best clothes. His fellow clerks asked him about this, and to their query replied that he was afraid to go home to get his working clothes. However, he may have just been joking when he made this remark.

During the afternoon he left the office, not saying where he was going. On his desk was found a box of cigars, which were devoured by his fellow clerks. The whole scheme was then explained by this act, and his young friends are now congratulating him.

The young man has made the boast that his wife is about 18 years of age and he is not yet 21. The parents of Pry are said to have been in ignorance of the intended actions of their son, but it is thought that he will be forgiven and that Mr. and Mrs. Pry, like all other young couples, will be received into their home with the customary blessing.

## BOARD OF EDUCATION ELECTS OLD OFFICERS

Solicitor to Try to Get Small Tuition Bill from Yellow Creek Township Which Is Past Due.

The same old officers were re-elected at a meeting of the Wellsville board of education last evening. Dr. Park Rex is elected president and A. G. McKenzie secretary at a salary of \$100 a year. Under the Chapman law all the present members hold over until January, but the law provides that the board be re-organized at least once a year.

The board wants \$40 from the Yellow Creek township trustees for tuition in the Wellsville high school. They

will not pay. Solicitor Boyd will try to collect the amount.

A contract was signed with the Milligan Hardware company, of East Liverpool, for the completion of the new fire escapes at the central building. A warrant for the payment of the salary of the secretary for the past year was drawn.

## STREETS CAVE IN

Lisbon Street in Worse Condition Than It Has Been in Recent Years.

The condition of Lisbon street is worse now than it has been in many years past. In many cases the slides from the hill have completely undermined the roadway and danger posts have been established. When the condition of the street will be changed no one can tell.

It is claimed that this street has never been accepted by the city from Contractor Silver, and that before it is accepted it will have to be placed in good condition. In some places the bricks from the new road are lying over on the hillside, and that the bank of the street in places is nowhere to be found.

## BUYS SOAP PLANT

Daniel Robinson Purchases at Court Sale Factory of Combination Soap Company For Small Sum.

Plant, good will and chattels of the Combination Soap company were purchased at a constable's sale yesterday afternoon by Daniel Robinson, formerly general manager of the plant, for \$275. It is announced that the factory will be placed into immediate operation.

Here ends a case that has been hanging fire in the court of Justice McKenzie for almost a month. Several claims were against the old company, which has been re-organized, and placed on a sound financial basis. Improvements are to be made to the plant at once, after which a strong bid for business will be made.

## FIVE HOURS DAILY

Working Time of Wellsville Shop Men Has Again Been Reduced By Another Order.

Workmen at the Wellsville shops have had their working time again reduced by an order that was received at the shops yesterday. The new order only allows the men to work five hours a day for five days and no work on Saturday. This order is effective until May 1, when it is thought a change of affairs will result.

However, although the new order says that May 1 is the limit for these short hours, the men believe that the order will be withdrawn soon. There is any amount of work in the shops now, all of which is of an important character, and it will have to be completed soon.

## PAYS OFF BONDS

City Auditor McGregor Reduces Bonded Debt of Wellsville Small Amount Yesterday.

By the action of City Auditor McGregor yesterday the bonded debt of Wellsville has been reduced several dollars. During the day he paid off \$2,000 in bonds and coupons amounting to \$120.

There is some more money due on these bond accounts this month, and it is said each month during the year some of the bonded debt will be paid.

## CURE CATARRH BY BREATHING

Will Reed Offers to Return Money If Hyomei Treatment Fails to Cure Catarrh Without Stomach Dosing.

If for a few minutes four times a day you breathe Hyomei, all catarrhal germs will be destroyed and the irritated mucous membrane restored to health.

With every Hyomei outfit there is a neat inhaler which can be carried in the purse or pocket. Hyomei breathed through this contains the same healing balsams that are found in the air upon the mountains, where catarrh is unknown.

It destroys all catarrhal germs in the air passages of the head, throat and nose, and makes a positive and permanent cure of catarrh.

The complete outfit costs but \$1, while extra bottles of Hyomei can be obtained for 50c, making it one of the most economical of treatments for catarrh.

Will Reed believes so thoroughly in the merit of Hyomei, that he guarantees to return the money if it fails. This is certainly the strongest evidence he can give of his faith in the Hyomei treatment. It enables any one to use Hyomei without risk of spending money for nothing.

Ask Mr. Reed to show you a Hyomei outfit and explain to you what a simple and easy way it is to relieve and cure your catarrhal troubles.

This is made necessary by the new code, which provides that a portion of the bonded debt be paid annually. Money for this purpose is obtained through the tax levy.

## Goes to Presbytery.

Dr. Park left yesterday afternoon for New Philadelphia, where he last evening attended the opening session of Steubenville presbytery of the Presbyterian church. He was accompanied in the journey by Rev. A. D. McCullough, of Toronto, who was formerly pastor of the Long's Run church at Calcutta. Both are expected to return to their respective homes this evening.

## HIGH SCHOOL DIPLOMAS WILL ADMIT TO COLLEGE

Local Graduates Will Not Be Required to Pass Examination at Universities.

Graduates from the local high school in the future will be admitted to the leading colleges and universities without undergoing a preparatory course. It will only be necessary for them to furnish their diploma and a certificate of their standing upon leaving the East Liverpool school. This fact was made known at the meeting of the board of education last evening.

Prof. R. E. Rayman informed the board that he had received a communication from W. W. Boyd, of the Ohio State university, state inspector of high schools, to the effect that the local high school had been placed on the credited list of the high schools within the jurisdiction of the Interstate High School association. There were 800 high schools recommended for admittance into the class and East Liverpool was one of the 34 successful ones.

There was little other business before the board. A few bills were read and ordered paid and matters of minor importance discussed.

## REPAIRS NEEDED

Matter of West End Improvements Left For Council to Act Upon.

The board of public service, accompanied by the city engineer, inspected the damaged property in the West End yesterday, rendered so by the heavy rains and floods.

It was the decision of the board that the damage should be repaired, but the matter will be laid before council this evening and no action will be taken unless council authorizes it.

## DETERMINED TO DIE

Convicted Murderer Makes  
Desperate Attempt to  
Cheat Gallows.

### PENCIL USED TO TEAR ARTERIES

After Wounds Are Dressed He Tears  
Them Open and Is Found Bleeding  
to Death—Leaves Letter Saying He  
Is an Atheist.

Chicago, April 19.—Peter Neidermyer, the leader of the car barn bandits, condemned to die on the gallows Friday, has made two desperate attempts at suicide. His condition is so precarious that it is feared he will not survive. Should he still be alive next Friday he will be carried to the gallows and executed.

Neidermyer planned his attempted suicide carefully. First, he masticated and swallowed the heads of 75 or 100 sulphur matches. While the phosphorus was burning his stomach he sawed at the radial artery of his left wrist with a sharp-pointed lead pencil. Striking a bone in the wrist, he gave up trying to sever the artery and turned his weapon to the large veins on the other side of his left forearm, and with jabs and a saw-saw motion he lacerated the flesh and muscles of the arm and tore open the veins, leaving a large jagged wound exposed, through which the blood gushed in streams, dyeing his bedclothing and running down over the cell floor in pools.

### Tears His Wounds Open.

His second attempt came after the wound had been dressed and closed by the county physician. Neidermyer was lying apparently unconscious in the hospital under a guard's care. His right arm and hand were hidden by the bedclothing and with hardly a discernible motion he slipped the bandages off his left arm and with his sharp finger nails tore away the threads in the wound, and inserting his forefinger into the ragged hole he worked again at the veins and sought to reach an artery. He unconsciously uttered a groan and made a convulsive movement, which attracted the attention of the physicians, nurses and the guard, and on throwing back the coverlets the attendants saw with horror that Neidermyer had torn away the bandages and reopened the wound. Neidermyer opened his eyes and with a leering, wan smile exclaimed:

"Let me die, Doc! Go away and let me die. You were almost too late the first time. Now, why do you try to save my life?"

Neidermyer lost a large quantity of blood and was almost pulseless for a time. The most danger, however, is that the poisonous phosphorus has burned him so severely that his life cannot be saved for its final snuffing out on the gallows.

### Gives Reasons for Attempt.

A letter written by Neidermyer prior to the attempt at suicide was found concealed in his cot. In the letter the writer incidentally expresses repentance for his career and he regrets leaving the few who have loved him, but chiefly the letter is a morbid glorification of the writer's courage and his loyalty to his kind in contrast with Neidermyer's associate, Gustav Marx. The letter says:

"There are four reasons why I take my own life. First—Because of the public boast that I cannot commit suicide while I am so closely guarded. Second—That I cannot cheat the gallows. Third—That they cannot say they executed me and made me pay for a crime. Fourth—To have another mystery for the ignorant police to solve."

The letter concludes as follows: "It seems very pleasant to have this everlasting enjoyment of rest. I am an Atheist and do not believe in any religion."

Neidermyer later recognized those about him and consented to listen to Father O'Brien of the Holy Name cathedral, who has steadily sought to convert the bandit. For the first time Neidermyer repeated the prayers after Father O'Brien.

### MOTOR CYCLES EXCEL IN CARRYING DISPATCHES.

Vienna, April 19.—An interesting series of experiments in the carrying of war dispatches by means of motor cycles have been made by the war minister. The route was over rough ground and the distance was 190 miles with four relays. The best time was 8 hours and 28 minutes. It is estimated that cavalry relays would take 20 hours.

## REALM OF SPORTS

### The Three Greatest Pacers.

The world's three fastest pacing stallions will be represented on the turf this year by several promising representatives. Star Pointer's two sons, Joe Pointer 2:05½ and Morning Star 2:04½, will be raced by Dave McClary, the first reinsman to ride a mile below 2:00; John R. Gentry will be represented by his fast son Dart 2:08½, in W. H. Andrews' stable. The Pointer horse and Gentry were driven to their records by McClary and Andrews respectively. Grand old Joe Patchen, "the Iron horse," will be kept in prominence by the feats of his first son Dan Patch 1:56¼, who will try for new records, and St. Patchen 2:11¼.

### Old Time Pacing Stars.

Most of the pacing stars of 10 years ago are living. Star Pointer 1:59¼, is in the stud at Rockport, O., while John R. Gentry 2:00½ and Joe Patchen 2:01¼ are heading breeding establishments in Tennessee and New York, respectively. Robert J. 2:01½ is living in retirement in New Jersey, while Flying Jib 2:04 still shows much of his former speed on the roads at Pleasanton, Cal.

### Boston Americans Sold.

The Boston American league baseball club has been sold to John I. Taylor. President Johnson, of the league, and Henry J. Killilea, of Milwaukee, representing the former owners, arranged the sale. The purchase price was not announced. Mr. Taylor is a son of Gen. Charles H. Taylor, proprietor of the Boston Globe.

### Athletics to Meet.

The East Liverpool Athletics will hold an important meeting at the rooms of the National club tomorrow evening. Matters in connection with the coming season's work will be discussed, and it is likely steps will be taken toward booking a number of baseball games.

### SPORTING MISCELLANY.

Young Corbett has sailed for Europe for a three months' vacation.

Marty Hogan's Ohio works players at Youngstown have been notified to report by April 21 for practice.

Guy McGinnis, a professional ball player of National and local league teams, is dead at his home in Barnesville, aged 34 years.

The two base ball pennants of 1902 and 1903 which Pittsburg won and which Barney Dreyfuss prized so highly have disappeared completely and are thought to have been stolen.

There are two men on the Wheeling team who do not fear that any one will steal their shoes. One is "Don" Custis, the popular little Texas leaguer, who has the smallest foot on the team. It is said he can get into a No. 4 shoe. The other is "Sunny Jim" Fox, who floats around in a pair of No. 14's.

Miss Alice Bailey, of Atlanta, Ga., escaped the surgeon's knife, by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I wish to express my gratitude for the restored health and happiness Lydia E. Pinkham's Vegetable Compound has brought into my life.

"I had suffered for three years with terrible pains at the time of menstruation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation.

"I felt so weak and sick that I felt sure that I could not survive the ordeal, and so I told him that I would not undergo it. The following week I read an advertisement in the paper of your Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, so I kept taking it for ten weeks, and at the end of that time I was cured. I had gained eighteen pounds, and was in excellent health, and am now.

"You surely deserve great success, and you have my very best wishes."—MISS ALICE BAILEY, 50 North Boulevard, Atlanta, Ga. —\$5000 for original of above letter proving genuineness cannot be produced.

### NEGROES NOT MOLESTED.

Kansas City High School Reopened With Police on Guard.

Kansas City, April 19.—Race feeling in Kansas City has apparently died out. When the high school opened a squad of policemen drawn up in line at the main entrance saw that the 50 colored pupils were not molested by the 700 whites. Boys and girls of both races took their accustomed places and no sign of friction was displayed.

The trouble grew out of the murder last week by a negro of a white boy, a freshman, and the whites had declared that the negroes should never again attend the school.

## Rheumatism Neuralgia

Has come to be an established and well known fact that Rheumatism cannot be cured by external applications alone. It is however cured by an internal remedy, the external application of a soothing and penetrating liniment is of the greatest assistance in bringing about a cure. Rheumatism is a blood disease and must be cured through the blood.

taken internally cures by driving out of the blood, the poison, (lactic acid) which causes the disease. Applied externally, it relieves the pain immediately and greatly hastens and facilitates the cure by removing the irritation and aggravating effects consequent to this pain.

Ward Oil cures Neuralgia in an incredibly short time. Many cases of this disease of years standing have given way to the soothing and penetrating effects of Wizard Oil and been permanently cured.

Mrs. K. Betty of Whately, Tex., writes: I have had Rheumatism for ten years and was nearly helpless. I tried several remedies and found no relief. I tried Hamlin's Wizard Oil and one bottle cured me.

J. Coloway, of Omaha, Neb., writes Jan. 1, 1900: My mother was troubled with Facial Neuralgia for 13 years. She used six bottles of Hamlin's Wizard Oil and it cured her. We are never without a bottle of it in the house.

## ARE MANY CANDIDATES.

### West Virginia Democratic Delegation Will Go Uninstructed.

Charleston, W. Va., April 19.—There are a dozen candidates for delegate at large to St. Louis whose names will be presented to the Democratic state convention here Wednesday. These candidates and other leaders are at variance in preference for president, so that no instructions are expected. Among those mentioned for delegates at large are former Senators Davis, Camden and Faulkner, former Governor McCorkle, John H. Holl, Owen S. McKinney, Benjamin H. Butcher, H. S. Wilson, Alexander Mathews, J. W. St. Clair and Thomas S. Riley.

C. W. Dailey, a neighbor of former Senator Davis at Elkins, will be temporary chairman. The Democratic conventions of all five districts in West Virginia will be held Wednesday forenoon to select delegates to St. Louis and the state convention convenes in the afternoon. If Gorman should be nominated former Senator Davis has consented to accept the Democratic nomination for governor in order to help the electoral ticket in this state.

## JURY TAMPERED WITH.

Third Trial of Murder Case Stopped by Court's Order.

Detroit, April 19.—Judge Phelan has dismissed the third jury that has attempted to try George W. Parker on the charge of murdering his brother-in-law, James Moore. The first jury was dismissed after an investigation of charges that the jury had been tampered with; the second jury disagreed, and again it is a case of charges that attempts had been made to influence the talesmen. Former Talesman Hinckley has been sentenced to 30 days in the county jail for attempting to tamper with the third jury. The work of securing a new jury for the Parker case will begin Thursday.

Parker, the defendant has been prominent in military circles, and Moore, who was killed, was a prominent singer of Detroit. Judge Phelan also dismissed the entire present panel of jurors.

## BOND BILL PASSED.

Conference is Necessary on Harrison School Code Measure.

Columbus, O., April 19.—By a vote of 22 to 7 the senate again passed the Crafts security bond bill requiring all public officials to furnish surety bonds and surety bonds to be given in every case of fiduciary trust where an estate exceeds \$2,000 in value. Ineffectual attempts were made to amend the bill to require that security bonds be given by only such public officials as handle public money and to permit personal surety in fiduciary cases.

The senate refused to concur in the house amendments to the Harrison school code. A conference committee will be appointed and a compromise is anticipated. The senate concurred in the house amendment to the Treadway bill regulating county depositories and fixing the limit any one bank may receive at \$1,000,000.

## LAND MORE SOLDIERS

Japanese Believed to Have  
Planned to Take Port  
Arthur in Rear.

### RUSSIAN COLUMN IN KOREA

Strong Force Reported to Be March-  
ing Southward Along the Coast—  
Vivid Description of Destruction of  
Petropavlovsk by Eye Witness.

St. Petersburg is flooded with rumors from all directions regarding the plans of the Japanese now that the Russian fleet at Port Arthur is unable longer to menace their troop transports.

A dispatch from Port Arthur Sunday last gave 20 as the Japanese transports reported as having been sighted as steaming in the direction of Yia Kow, the port of New Chwang. Officials of the general staff anticipated this movement, but the activity of Vice Admiral Makarov's fleet and the large army in the vicinity of New Chwang imposed caution and, it is believed, made the Japanese abandon, or at least postpone it, and caused them to continue their advance towards Manchuria through Korea and consider disembarkation and a flank movement at Takushan.

Vice Admiral Togo's immense superiority enables him to hold the Russian squadron in Port Arthur and Japanese transports therefore can safely pass through the straits of Pe-Chi-Li and attempt to land at the head of the gulf of Liao Tung under the guns of the warships, as did General Shafter's army at Daiquiri, Cuba. If this

VICE ADMIRAL SEMYONOV.  
[Successor of Admiral Makarov.]

should succeed, the Japanese will be in an excellent position to execute a flank movement on Liao Yang or cut off Port Arthur.

General Kuropatkin recently inspected New Chwang. He is familiar with the strategic position there and disposed a strong force to contest a Japanese move at that point, and if such a move is made it is believed he will be able to check it.

An attempted landing by Japanese troops on the shore of Korea has been reported from Port Arthur and the Yalu river on April 12 was frustrated by the Russians. A Japanese torpedo boat flotilla scouted the shores of the bay, but was received with such a heavy fire from land batteries at Taku Shan, Ching Tai Tse, Tehanne and Bedzino that it retired.

Vice Admiral Togo's flagship then recalled nine transports which were on the way to land troops. A squadron of 10 warships protecting the transports withdrew with them. The Russians have 20,000 troops at Taku Shan.

Vice Admiral Makarov's widow has been granted an annual pension of \$10,000.

### Vivid Description of Disaster.

St. Petersburg, April 19.—In the dramatic description of the sinking of the Petropavlovsk off Port Arthur wired from Liao Yang by a Russian correspondent of the Associated Press, a portion of the account referring to the blowing up of the Petropavlovsk was delayed. It is as follows:

"Moving at reduced speed the Petropavlovsk came abreast of electric cliff. The torpedo boats were entering the harbor, when suddenly from the starboard of the Petropavlovsk's bow a white column shot up.

"There was a double muffled explosion and the whole flagship became covered with orange-brown smoke. 'They're firing a broadside,' cried a gunner standing beside me, but through my binoculars I gazed speechless and horror-stricken. I could see fragments of wreckage falling from above the broken rigging of the foremost and flames of fire shooting out. 'She's sinking! She's sinking!' called someone beside me.

"The Petropavlovsk began to settle slowly by the head, heeling far over to starboard until her rail was under water. Her bow had already disappeared and now the foremost was sinking. I could still see the conning tower. Then her smokestacks disappeared. They seemed to fall through the water and the sea began to engulf

## PLENTY OF PROOF

From People You Know—From East  
Liverpool Citizens.

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of East Liverpool—of people who can be seen at any time. Read the following case of it:

Mrs. Mount, of 165 Fourth street, says: "If weakness across the loins and sharp pains in the back are any indication of kidney complaint, then I had it. I knew what caused the trouble, but how to check it was a mystery until my husband procured Doan's Kidney Pills at the W. & W. Pharmacy for himself. The result in his case was so satisfactory that I used two or three boxes. They cured me and up to the present date there has been no symptoms of a recurrence."

the mainmast. Her after turret with guns pointing skyward quickly vanished. Then her stern with the port propeller still revolving. I could see figures desperately clutching at the slippery hull and tongues of flame. A last explosion and all was over. The flagship was no more. Boats from the torpedo boat destroyer Gaydak hurried to the scene of the disaster. It was 40 minutes past 9 in the morning."

Seoul, April 19.—The commissioner of customs at Gensan reports that a strong Russian force, the number of which is not known, is advancing on the great south road, following the inland coast of the province of South Hamgyung. The Russians passed to the rear of Sangjin, which was occupied by a scouting party. The main body occupied Peuk Chyong, 80 miles north of Gensan, on the 17th. The flanks and rear were exposed with the evident intention of drawing a Japanese attack from the Yalu.

Tien Tsin, April 19.—A report reached here that 70 Japanese transports have been sighted heading for Kiu Chau, about 75 miles to the rear of Port Arthur, on the Liao Tung peninsula. A landing by Japanese here would mean the beginning of the investment of Port Arthur by land.

Paris, April 19.—A dispatch to the Temps from St. Petersburg says the Japanese are preparing to cut the Russian line of communication along the peninsula of Liao Tung at the same time that they cross the Yalu river.

### NEW YORK FOR PARKER.

Democratic State Convention Instructs  
Delegates for Him.

Albany, N. Y., April 19.—The Democratic state convention for the election of delegates to the national convention selected the following delegates at large: David B. Hill of Albany, Edward B. Murphy of Troy, George Ehret of New York city and James W. Ridgeway of Brooklyn. As alternates it selected C. N. Bulger of Oswego, W. Caryl Ely of Buffalo, C. H. Akerman of Brooklyn and Francis Burton Harrison of New York.

The delegates were instructed by a vote of 301 to 149 for Alton B. Parker as the state's candidate for president. Tammany was not treated as badly as had been predicted, being allowed to name a delegate at large, Mr. Ehret, and an alternate and one of the two electors at large, Harry Payne Whitney, the other being John T. Woodford.

The platform adopted is brief and in addition to instructing for Parker compels the delegation to vote as a unit. Among the district presidential electors are: Isador Straus, Robert B. Roosevelt, Hugh J. Grant, Herman Ridder and John D. Crimmins.

### A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be avoided off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

Dreadful Attack of Whooping Cough.  
Mrs. Ellen Harrison, of 290 Park avenue, Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor, who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes.

Woman Convicted of Murdering Her  
Husband Likely to Be Freed.

Stuebenville, O., April 19.—Affidavits filed in court are expected to free Mrs. Jennie Owens, who was recently convicted of killing her husband at Dungen Hollow last October. The affidavits set forth the confession of 12-year-old Melvin Owens that the father was killed by the accidental discharge of a revolver in the son's hands while the boy was struggling with his sister.

Mrs. Owens had withheld this information from her attorneys, it is said, to shield her son, and only reluctantly admitted the facts when they were disclosed.

## BODIES RECOVERED.

Submarine Boat Raised and Towed  
Into Portsmouth Harbor.

London, April 19.—The submarine boat A. 1, which was run down by the steamer Berwick Castle, March 18, near the Nab Lightship, resulting in the loss of her crew, numbering 11 of ficers and men, has been raised.

The ill-fated vessel was towed to her dock in Portsmouth. Thousands of persons gathered to watch the melancholy procession of vessels preceding and following the dock yard lighter under the keel of which the A. 1, containing the bodies of officers and crew, was slung by hawsers.

As the salvagers passed into the dock all the ships in the harbor lowered their ensigns. Soon thereafter caskets were brought in readiness to receive the dead.

The operation of the removal of the bodies was carefully screened from the public. When the bodies have all been recovered they will be removed to the hospital, where an inquest will be held.

Brief Notes of a Personal Nature and of Matters About Town.

**Daughter Born.**—A baby girl came to the home of Mr. and Mrs. Barr Wright, near Ralston's crossing, this morning.

**Excavation Begun.**—McLaughlin Bros. have been awarded the contract for the excavation work of the new theater on Fourth street, and began work today.

**Lost Two Purses.**—Mrs. Luella Williams, of Jackson street, last evening lost two purses, containing \$50. One belonged to her daughter, Mrs. T. L. Youngs, who accompanied her. They had been down town and discovered the loss on going up Avondale street.

**Cheap Fare for Veterans.**—Grand Army veterans will get a rate of one cent per mile to Tiffin on account of the state encampment there in June. This announcement comes from Chicago, where representatives of the Central Passenger association have been in session.

**Italians Fined.**—A bunch of Italians were arrested last evening for creating a disturbance on Sixth street in the vicinity of Joe Vitalli's fruit stand. They were taken to the city hall in the patrol wagon and each was fined \$10 and costs. One man, who is charged with pointing fire arms, has not yet been captured.

### Salvation Army Rallies.

A series of special meetings to continue nightly for 10 days is being conducted at the Salvation army barracks by Ensign and Mrs. Storey and Lieutenant Storey, of Cleveland. Last night there was not room in the building to accommodate all who came and the meeting was one of the best ever held. Ensign and Mrs. Storey are among the most eloquent and powerful workers in the army.

### Suit on a Note.

Lisbon, April 19.—(Special.)—D. A. Wilhelm, of Salem, has brought suit in court here against J. P. and Bella Morlan, asking judgment for \$563.94, alleged to be due on a promissory note executed at Salem January 27, 1900, and bearing interest at 6 per cent.

### NEW CANDIDATE

Hon. Alfred Marland Aspires to Be Prosecuting Attorney of the County.

Attorney Alfred Marland, who makes formal announcement of his candidacy for prosecutor today, is a unique character. He has been a resident of Hancock county for the past six years and previous to his coming can boast of an interesting and eventful career.

Mr. Marland was a resident of Pennsylvania for years. He occupied many high positions during his stay there, and in the early 90's removed to Chicago. He practiced at the bar of Cook county, in which the city of Chicago is situated, and was considered a first-class practitioner. Returning to Pittsburgh several years ago he was repeatedly elected to the select council of that city and represented his district in the legislature for several terms.

Mr. Marland bought a farm in Clay district, Hancock county, six years ago, and has lived quite retired ever since. Recently his friends took up his candidacy for the prosecutorship, and politics have always a fascination for him, he has consented to become a candidate. Mr. Marland was in Chester last week and made a good impression. He states his prospects in the north end of the county are very bright.

### BETTER LIGHTING

Chester at Last to Be Relieved from Insufficiently Lighted Streets.

The long-suffering residents of several localities in the town of Chester are about to be relieved from the annoyance and downright suffering through the lack of proper street lights. The gas company has at last made the proper taps at the points where lights were located weeks ago, and the company which will furnish them has given out that they will be put up at once.

The question of more and better lighting facilities for Chester has been in the hands of the proper committee of the town council more than a year. In spite of the fact that the members of this committee have been active all the time, it was only within the last few days that the companies having the work in hand concluded to take any action. The gas corporation tapped the mains near the poles on which lights are to be hung last week and Risinger Bros., who will furnish them, promise they will place the burners in position without delay.

### CARS WILL BE READY

Park Management Expects to Be Able to Accommodate Picnics as Usual.

There has been considerable talk with reference to the inability of the Rock Springs management to secure cars from the Pennsylvania company in sufficient number to run excursions to the resort during the coming season.

The talk has emanated from an unreliable source as far as can be learned. It is admitted that the railroad

One well-known firm's letter out of many:

"W. J. GILMORE & CO. Importers & Jobbers of Drugs, 425 & 430 SEVENTH AVE., Pittsburgh, Feb. 22, 1899. Gentlemen: We recommend RICHTER'S celebrated 'ANCHOR' PAIN EXPELLER, as we know it is an ARTICLE OF GREAT MERIT, JUDGING FROM THE LARGE SALE THAT WE HAVE FOR IT. Yours very truly, W. J. authorities will not give the park management a positive guarantee as to the number of cars available for each picnic, but it is understood the orders will be filled to the satisfaction of all concerned.

The impression got out because it was said the railroad companies had determined to use all the cars possible in the traffic to St. Louis during the exposition, and since this was so much more important than a short trip such as that from Pittsburgh to Rock Springs, the fear was but natural. The park management, however, has been working and is still consulting with the railroad authorities with reference to the furnishing of cars, and it is thought when the time comes they will be forthcoming.

### LARGE FORCE AT WORK

And Good Progress is Being Made on the New Lake at Rock Springs Park.

Within the last few days work at the new artificial lake has been progressing rapidly. The contractor and Foreman James Flood have a large force of men engaged, and if the weather permits will have the job completed on time.

The determination of the officers of the Rock Springs Amusement company to install a system of Turkish baths in connection with the aquarium pleased a large number of East Liverpool people, upon whom the success of the institution is depending to a great extent. Parties who are accustomed to indulge in such luxuries as a Turkish bath now go to Pittsburgh, and they are very much pleased with the prospect of facilities right at home.

### ALL THE FINES PAID

Proprietor of Place Where Gamblers Were Arrested Settles for His Customers.

The proprietor of the room in which the poker players were arrested last Sunday has appeared at the mayor's office and liquidated the fines of all the parties to the action.

When the raid was made Mr. Webster furnished bond for the entire party. It was not necessary for any of the players to appear before the mayor, and they did not do so. In the future, however, it is announced each participant in a poker game found going on in Chester will be taken into custody in order that the general public may know who they are, as well as to make sure the fine will be paid.

### OVER 400 TICKETS

Sold For the Street Railway Men's Dance Which is to Be Given This Evening.

More than four hundred tickets have been sold for the dance to be given by the employees of the Rock Springs railway, who propose to form a separate branch of the A. A. of S. R. E. of A. in the near future.

The function is to be held tonight, and as it is the first affair of the kind to be conducted by the organization, an especial effort is being made to give the guests a royal reception and a general good time. Prof. Albert Hatch's orchestra will furnish the music, and this alone is sufficient to attract a large crowd.

### Bambrick the Candidate.

The Democratic conferees of Brooke county met Saturday and named George L. Bambrick, of New Cumberland, Hancock county, as their candidate for state senator from the First district in opposition to J. F. Cree, of Brooke county, the Republican candidate.

### Begins His Canvass.

Harper Ralston, one of the most highly respected citizens of the county, who announced his candidacy for assessor several days ago, began an active canvass for the position today. Mr. Ralston is a Chester man. He has grown up with the town and was identified with its progress since the corporation was formed. He is a survivor of the rebellion and has many friends throughout the county who will support him.

### Candidate For House.

John J. Marshall will be a candidate for house of delegates instead of assessor, as was announced yesterday.

### CHESTER NOTES.

Sheriff C. F. Allison was up from the county seat today on official business.

Norma Manypenny and Ed Miller, of New Cumberland, were business visitors in Chester today.

It was stated in Chester this morning that Hon. John Newell informed William Allison, who resides near the Allison school house, is reported critically ill with inflammatory rheumatism.

several friends that he would not be a candidate for senator. The report if true will be gratifying to the Chester supporters of Hon. P. A. Pugh.

The Thursday Night club will meet this week at the home of Miss Sarah Southward in upper Chester.

George Ahrendts, general manager of all of the C. A. Smith interests, is confined to his home by illness.

Ambrose E. Webber, of East Liverpool, yesterday closed a deal whereby he comes into possession of two of the most valuable lots on Carolina avenue. I. N. Crable was the previous owner. Mr. Webber refuses to discuss his plans.

T. R. Swaney, of New Cumberland, was a Chester visitor today. Mr. Swaney is a candidate for assessor, is a veteran of the late war and believes his chances for winning in the present race are good.

Andrew Mercer, of the Turkeyfoot oil field, was a Chester business visitor today.

The condition of R. M. Cunningham, who has been near death's door for several days, is improved today. It was announced yesterday that unless a change for the better occurred soon he would die, and the improvement is gratifying to his many friends in Chester and East Liverpool, who now believe he will get well.

As exclusively announced in the News Review several days ago the installation of Rev. Mr. Dunbar as pastor of the First Presbyterian church of Chester will take place at an adjourned and probably the last session of the Washington presbytery to be held at Chester on April 26. A number of noted divines will be present and take part.

NEW CANDIDATE

Hon. Alfred Marland Aspires to Be Prosecuting Attorney of the County.

Attorney Alfred Marland, who makes formal announcement of his candidacy for prosecutor today, is a unique character. He has been a resident of Hancock county for the past six years and previous to his coming can boast of an interesting and eventful career.

Mr. Marland was a resident of Pennsylvania for years. He occupied many high positions during his stay there, and in the early 90's removed to Chicago. He practiced at the bar of Cook county, in which the city of Chicago is situated, and was considered a first-class practitioner. Returning to Pittsburgh several years ago he was repeatedly elected to the select council of that city and represented his district in the legislature for several terms.

Mr. Marland bought a farm in Clay district, Hancock county, six years ago, and has lived quite retired ever since. Recently his friends took up his candidacy for the prosecutorship, and politics have always a fascination for him, he has consented to become a candidate. Mr. Marland was in Chester last week and made a good impression. He states his prospects in the north end of the county are very bright.

BETTER LIGHTING

Chester at Last to Be Relieved from Insufficiently Lighted Streets.

The long-suffering residents of several localities in the town of Chester are about to be relieved from the annoyance and downright suffering through the lack of proper street lights. The gas company has at last made the proper taps at the points where lights were located weeks ago, and the company which will furnish them has given out that they will be put up at once.

The question of more and better lighting facilities for Chester has been in the hands of the proper committee of the town council more than a year. In spite of the fact that the members of this committee have been active all the time, it was only within the last few days that the companies having the work in hand concluded to take any action. The gas corporation tapped the mains near the poles on which lights are to be hung last week and Rinsinger Bros., who will furnish them, promise they will place the burners in position without delay.

CARS WILL BE READY

Park Management Expects to Be Able to Accommodate Picnics as Usual.

There has been considerable talk with reference to the inability of the Rock Springs management to secure cars from the Pennsylvania company in sufficient number to run excursions to the resort during the coming season.

The talk has emanated from an unreliable source as far as can be learned. It is admitted that the railroad

authorities will not give the park management a positive guarantee as to the number of cars available for each picnic, but it is understood the orders will be filled to the satisfaction of all concerned.

The impression got out because it was said the railroad companies had determined to use all the cars possible in the traffic to St. Louis during the exposition, and since this was so much more important than a short trip such as that from Pittsburgh to Rock Springs, the fear was but natural. The park management, however, has been working and is still consulting with the railroad authorities with reference to the furnishing of cars, and it is thought when the time comes they will be forthcoming.

LARGE FORCE AT WORK

And Good Progress is Being Made on the New Lake at Rock Springs Park.

Within the last few days work at the new artificial lake has been progressing rapidly. The contractor and Foreman James Flood have a large force of men engaged, and if the weather permits will have the job completed on time.

The determination of the officers of the Rock Springs Amusement company to install a system of Turkish baths in connection with the aquarium pleased a large number of East Liverpool people, upon whom the success of the institution is depending to a great extent. Parties who are accustomed to indulge in such luxuries as a Turkish bath now go to Pittsburgh, and they are very much pleased with the prospect of facilities right at home.

ALL THE FINES PAID

Proprietor of Place Where Gamblers Were Arrested Settles for His Customers.

The proprietor of the room in which the poker players were arrested last Sunday has appeared at the mayor's office and liquidated the fines of all the parties to the action.

When the raid was made Mr. Webster furnished bond for the entire party. It was not necessary for any of the players to appear before the mayor, and they did not do so. In the future, however, it is announced each participant in a poker game found going on in Chester will be taken into custody in order that the general public may know who they are, as well as to make sure the fine will be paid.

OVER 400 TICKETS

Sold For the Street Railway Men's Dance Which is to Be Given This Evening.

More than four hundred tickets have been sold for the dance to be given by the employees of the Rock Springs railway, who propose to form a separate branch of the A. A. of S. R. E. of A. in the near future. The function is to be held tonight, and as it is the first affair of the kind to be conducted by the organization, an especial effort is being made to give the guests a royal reception and a general good time. Prof. Albert Hatch's orchestra will furnish the music, and this alone is sufficient to attract a large crowd.

Bambrick the Candidate.

The Democratic conferees of Brooke county met Saturday and named George L. Bambrick, of New Cumberland, Hancock county, as their candidate for state senator from the First district in opposition to J. F. Cree, of Brooke county, the Republican candidate.

Begins His Canvass.

Harper Ralston, one of the most highly respected citizens of the county, who announced his candidacy for assessor several days ago, began an active canvass for the position today. Mr. Ralston is a Chester man. He has grown up with the town and was identified with its progress since the corporation was formed. He is a survivor of the rebellion and has many friends throughout the county who will support him.
